The Catholic Archdiocese of Omaha's Safe Environment Policy

*For the Protection of Children, Young People and
Vulnerable Adults*

July 2020

Introduction

“The salvation of souls ... is the supreme law in the Church.” These words, found in the concluding canon of the 1983 *Code of Canon Law*, express with legal shorthand the mission and activity of the Church.

The claim of the gospel, stirring the faith community to life and action, prompts the creation of an environment of justice and strives to have the love of Christ flourish in the experience and witness of many lives. All members of the Church, especially her priests, deacons and designated ministers and representatives, are called to embrace this obligation and share in its privilege.

The Archdiocese embraces her children and young people through a vigilance, care and ministry that arises from a pastoral heart, for the sake of the kingdom and as a witness to her Lord for the world.

A safe environment promotes all to encounter Jesus by equipping disciples with the tools needed to protect those most vulnerable. The promise of the Church is to heal those injured by merciful outreach and care.

History of Archdiocesan Policy and Revisions

The Archdiocese of Omaha published its first policy for protection of children and young people on March 1, 1990. It provided guidance for response in specific circumstances for more than a decade. At the same time, new demands in changing times and the continuing realization of the consequences of not living up to the Gospel message emphasize the Archdiocese's need for a greater vigilance, a more comprehensive response, better education and outreach efforts for the sake of children and young people entrusted to her care. The United States Conference of Catholic Bishops (USCCB) took unprecedented action in June, 2002, and completed its work in November, 2002 by creating and publishing the *Charter for the Protection of Children and Young People* (last revision 2018, see appendix) The USCCB also obtained Vatican recognition for the *Essential Norms for Diocesan/Eparchial Policies Dealing with Allegations of Sexual Abuse of Minors by Priests or Deacons*. This document contains the particular law regarding prospective and response measures for priests and deacons in regard to the protection of

children and young people. Within the structure of church law contained in the 1983 Code of Canon Law, these norms became effective for all Catholic dioceses in the United States on March 1, 2003.

In accord with the *Charter for the Protection of Children and Young People* and the *Essential Norms*, this revised policy addresses accountability, obligations and responsibility on the part of priests, deacons and all adults who have contact with minors and vulnerable adults in the name of the Church. This includes an acknowledgment of the Clergy/Lay Code of Conduct.

This revised policy also recognizes and cooperates with the requirements and procedures of applicable state and local law regarding the protection of children, young people and vulnerable adults. It addresses the prevention and response to incidents of actual or suspected sexual abuse and misconduct toward children, minors and vulnerable adults

Distribution of/Accessibility to Archdiocesan Policy

All Archdiocesan parishes, schools, offices and ministries must have a copy (printed or electronic) of this revised policy, and other policies relating to specific aspects of the protection of minors and vulnerable adults. It will also be posted on the Archdiocesan website.

Clergy, Principals, Teachers, Directors of Religious Education and Youth Ministry, Catechists, Youth Ministers and coaches will electronically acknowledge reading this policy. This policy shall be referenced in the personnel handbook for the Archdiocese of Omaha for both priests and lay employees.

Definitions of Canon and State Law

1.0 Sexual Abuse: 2018, USCCB Charter for the Protection of Children and Young People

* For purposes of this *Charter*, the offense of sexual abuse of a minor will be understood in accord with the provisions of *Sacramentorum sanctitatis tutela* (SST), article 6, which reads: §1. The more grave delicts against morals which are reserved to the Congregation for the Doctrine of the Faith are:

1° the delict against the sixth commandment of the Decalogue committed by a cleric with a minor below the age of eighteen years; in this case, a person who habitually lacks the use of reason is to be considered equivalent to a minor.

2° the acquisition, possession, or distribution by a cleric of pornographic images of minors under the age of eighteen for purposes of sexual gratification, by whatever means or using whatever technology;

§2. A cleric who commits the delicts mentioned above in §1 is to be punished according to the gravity of his crime, not excluding dismissal or deposition.

In view of the Circular Letter from the Congregation for the Doctrine of the Faith, dated May 3, 2011, which calls for “making allowance for the legislation of the country where the Conference is located,” Section III(g), we will apply the federal legal age for defining child pornography, which includes pornographic images of minors under the age of eighteen, for

assessing a cleric's suitability for ministry and for complying with civil reporting statutes. If there is any doubt whether a specific act qualifies as an external, objectively grave violation, the writings of recognized moral theologians should be consulted, and the opinions of recognized experts should be appropriately obtained (*Canonical Delicts Involving Sexual Misconduct and Dismissal from the Clerical State*, 1995, p. 6). Ultimately, it is the responsibility of the diocesan bishop/eparch, with the advice of a qualified review board, to determine the gravity of the alleged act.

Such report may be made orally by telephone with the caller giving his or her name and address, shall be followed by a written report, and to the extent available shall contain the address and age of the abused or neglected child, the address of the person or persons having custody of the abused or neglected child, the nature and extent of the child abuse or neglect or the conditions and circumstances which would reasonably result in such child abuse or neglect, any evidence of previous child abuse or neglect including the nature and extent, and any other information which in the opinion of the person may be helpful in establishing the cause of such child abuse or neglect and the identity of the perpetrator or perpetrators. Nebraska child abuse reporting law does not identify the age of the abuser, only that one must report if there is reasonable cause to believe child abuse is occurring or observes such child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect. **Because of this, peer on peer abuse needs to be reported to the authorities.** Peer on peer abuse is defined as: any behavior, in person or on-line, between two minors where one is threatened, forced or coerced by another, resulting in physical, severe emotional or sexual harm. Examples include, but are not limited to: physical or sexual assault; coercive behavior which is sexual in nature; sexting, which can be considered child pornography distribution; taking nude photos of another minor which can be considered child pornography production; dating violence and/or stalking or on-line taunting of an aggressive nature such as daring another to harm and/or kill oneself.

The Archdiocesan Reporting Packet is available on the Catholic Mutual Data Platform under “resources” for site administrators and Safe Environment parish/school coordinators. The Victim Outreach and Prevention Director is available if you have any questions or concerns.

After reporting to the authorities, concerns regarding non clergy Church Personnel shall be reported to the Victim Outreach and Prevention Director or Chancellor along with submitting the Safe Environment Revocation Form (See Appendix).

If the concerns of Code of Conduct violations do not rise to the level of reporting to the legal authorities, the Victim Outreach Director or Chancellor still must be contacted to evaluate if the Safe Environment Revocation Form needs to be submitted.

The Victim Outreach and Prevention Director or designated other will collaborate with parishes and schools to provide pastoral outreach as the circumstances permit with due regard for law enforcement investigations.

2.3 Concerns Regarding Clergy

After reporting to the authorities, Church Personnel should report concerns regarding clergy to the Victim Outreach and Prevention Director, Chancellor or Vicar for Clergy. Code of Conduct Summary

Obligations, Responsibilities and Accountability for Care, Contact and Conduct with Children and Young People and Vulnerable Adults

October 2020

Introduction

The Nature of Pastoral Care and Conduct

Pastoral care and conduct presupposes a particular way of relating to God and to those who are served in God's name. The biblical concepts of "covenant" and "discipleship" are the background and the context for this manner of presence and action.

Through single acts and organized endeavors of various kinds, ordained priests and deacons, as well as lay ministers/leaders and trusted adults/volunteers carry out the mission of the Church by leading and supporting people to know and grow more deeply in the way of a personal relationship with God through the life and community of the Church.

Pastoral care and conduct, therefore, is an exercise of significant moral responsibility and accountability. "Love the Lord your God with all your heart, with all your soul, with all your strength and with all your mind" and "Love your neighbor as you love yourself" (Luke 10:27) expresses both the vision and the strategy for pastoral care and pastoral ministry. The safe environment policies that refer to **Church Personnel/ Personnel** includes but is not limited to clergy, religious men and women, employees and volunteers. These standards and the accompanying forms are subject to change

All Church Personnel must be Safe Environment certified before having contact with minors/ vulnerable adults. This includes training, background check and an acknowledged code of conduct. Safe Environment Communication Policy and Procedures

Introduction

The Book of Genesis tells us that in the beginning God spoke. It was not conversation; rather, it was creation. God's word had effect, at once. In the books of the prophets, God entrusts his word to men. It was not conversation, rather, it was about conversion. In the new covenant, the Word became Flesh. It was not conversation, rather, it is salvation for all who will hear, believe and be transformed.

For the Church, communication is about the work of God. It is about the Good News, the Gospel that saves and that sustains the faith community until that day when all things are made new. Each time and in every way that the Church makes known her Lord, she communicates. Even in the brokenness and misdeeds of her members, the Church still must speak of her Lord and of his kingdom.

In 1992, the bishops of the United States developed and pledged themselves to a plan, based upon five principles, for addressing the brokenness brought about by misconduct and sexual abuse of minors. These five principles communicate a strategy for pastoral response, a hope for reform and renewal, a promise to embrace anew the work of the Lord, so that recognizing the kingdom's coming, stir joyful hope. The safe environment policies that refer to **Church Personnel** includes but is not limited to clergy, religious men and women, employees and volunteers. These standards and the accompanying forms are subject to change.

These principles are:

- respond promptly to all allegations of abuse where there is reasonable belief that abuse has occurred;
- if such an allegation is supported by sufficient evidence, relieve the alleged offender promptly of ministerial duties and refer the alleged offender for appropriate medical evaluation and intervention;
- comply with the obligations of civil law as regards reporting of the incident and cooperating with the investigation;
- outreach to the victims and their families and communicate sincere commitment to their spiritual and emotional well-being;
- within the confines of respect for privacy of the individuals involved, deal as openly as possible with the members of the community.

Article 7 of the *Charter for the Protection of Children and Young People* directs every diocese to develop a specific policy for its communication procedures. This policy is to exhibit, in wording and in application, a commitment to transparency and openness “especially with regard to assisting and supporting parish communities directly affected by ministerial misconduct involving others.”

The Church Community

5.0 The Archdiocese’s first commitment must be that Church Personnel provide pastoral care, dictated by their role, for all of its members in the name of the Lord. Within pastoral care there shall be both initiatives and responses concerning the protection of minors and vulnerable adults. This includes but is not limited to:

- developing policies and guidelines for creation and maintenance of safe environments in all church and school related activities for its minors and vulnerable adults;
- providing information and education for minors and vulnerable adults, parents and parish and school communities regarding respect for the dignity of the person, appropriate boundary practices and identification of misconduct behaviors and patterns;
- establishing guidelines for response when misconduct or sexual abuse is detected, and procedures for reporting the misconduct or abuse;
- establishing guidelines and practices for communicating with affected parties in the pastoral situation and with the public, including the media;
- updating current Abuse Clergy Report on the Archdiocesan website.

5.1 The Archdiocesan Review Board provides informed consultation and assistance to the Archbishop, in accord with Article 2 of the *Charter for the Protection of Children and Young People* and numbers 4 and 5 of the *Essential Norms* in regard to the policies and procedures governing the protection of minors and vulnerable adults in the Archdiocese.

5.2 The Review Board may issue statements, reports or other forms of communication to pastors and priests of the Archdiocese, to parish faith communities, the general public, or to media. Such communications shall take place after discussion and with the full knowledge of the Archbishop.

5.3 The Archdiocesan Victim Outreach and Prevention Director is the representative of the Church to victims, their family members and to affected faith communities in providing immediate pastoral care for their spiritual and emotional well-being. The Victim Outreach and Prevention Director can be contacted at (402) 827-3798, or 888-808-9055.

5.4 The Victim Outreach and Prevention Director shall coordinate immediate pastoral outreach and the follow-up required in each situation with the Chancellor, while respecting the limitations of an existing law enforcement investigation or of the condition of victims or other affected persons.

5.5 The Victim Outreach and Prevention Director shall work with the Chancellor in making arrangements for meetings between victims, their family members or affected parish communities and the Archbishop. The Archbishop may also determine a delegate to be more appropriate in certain circumstances. Articles 1 and 2 of the *Charter for the Protection of Children and Young People* shall serve as a framework for the response and outreach of the Archdiocese as it communicates with victims, the faith communities and the public.

The Media

5.6 The Archdiocese exists and carries out its pastoral mission in the world. Oftentimes, activities of or incidents affecting the Archdiocese are first or principally known through the secular media. Developing and maintaining an effective working relationship with the public media is an important part of the Archdiocese's communication policy.

5.7 Whenever possible the Archdiocese shall use the Archdiocesan newspaper, Catholic electronic media and the Archdiocesan web site as its first means of contact with the people of the Archdiocese. These communication tools permit the Archdiocese to present a pastoral context and perspective when addressing issues, allegations or incidents regarding the protection of children or young people.

5.8 The Chancellor of the Archdiocese or delegate shall serve as the Archdiocesan spokesperson when issues, allegations or incidents regarding the protection of children or young people occur in the Archdiocese.

5.9 At the direction of the Archbishop, in collaboration with the Vicar for Clergy and the Chancellor, the Archdiocesan Victim Outreach and Prevention Director, the editor of the Archdiocesan newspaper, the Archdiocesan Attorney and Archdiocesan Communications office shall provide timely, accurate information to parish communities, to the presbyterate of the Archdiocese and to the general public through print and electronic media.

5.10 This communication may take the form of statements from the Archbishop, official Archdiocesan news releases, responses to inquiries by the media, contextual background information, or updates as consequences of a particular incident develop.

5.11 All communication, whether in spoken or written format, shall observe and respect the privacy and reputation of the persons involved and shall adhere to the pertinent canon and civil law requirements.

5.12 Pastors, school administrators, program directors and lay leaders shall refer media inquiries or the concerns from individuals or groups regarding the incident or issue to the Chancellor of the Archdiocese.

The Parish, School and Other Programs' Communication Procedures and Protocols

5.14 Each parish, school and other programs serving the diverse number of minors and vulnerable adults use a variety of means to inform, educate, build community and serve the diverse needs of its people. Pastors, school administrators, directors of programs and lay leaders have a special responsibility to use these communication tools for the protection of minors and vulnerable adults

5.15 Each parish, school and minor and vulnerable adult program are encouraged to have and publicize a basic procedure that assists a pastor or administrator to communicate in a clear and timely manner with staff and volunteers when concerns, issues or incidents about the protection of minors and vulnerable adults occur.

- This procedure shall also provide an effective and timely communication pathway for information and concerns regarding the protection of minors and vulnerable adults or reports of misconduct to reach pastors and administrators. The Office of Victim Outreach and Prevention must be contacted to assess the potential need for Safe Environment Certification revocation.
- This procedure shall also provide directions for an effective and timely communication contact with the rest of the pastoral community or the general public.
- This procedure shall include, but not be limited to, the Nebraska requirements for reporting incidents or circumstances which give reasonable cause to believe that misconduct or abuse has or could have occurred.

Anonymous Communication and Rumors

5.16 Anonymous telephone calls, other electronic communications, or hard copy memoranda and letters are often considered unreliable forms of communication. However, when anonymous communication contains specific names, circumstances and timelines that raise questions, suspicions, or concerns for the pastor, administrator, director, or pastoral staff, there is an accountability to seek clarification or verification for these reactions.

5.17 There should be timely contact and communication with the Chancellor and the Victim Outreach and Prevention Director in circumstances of this type.

5.18 Rumors, gossip and passing information that cannot otherwise be verified is part of the human condition. The best response to rumors and gossip is timely, regular, clear and accurate information.

Securing Safe Environments Through Proper Communication, Consent and Conduct

There are many things to consider in providing both a faith-filled and safe environment in our parishes and schools. Education and faith formation ministry environments can be in person and virtual. It is important that all parties (education, ministry, students and parents) comply with the below standards and requirements to ensure proper knowledge, consent and transparency for the safety of our minors, vulnerable adults and all involved. These elements are also in the Code of Conduct and the school professional boundaries (grooming) policy (see appendixes). The safe environment policies refer to **Church Personnel** which includes but is not limited to clergy, religious men and women, employees and volunteers. These standards and the accompanying forms are subject to change.

Communication, Consent and Conduct

6.0 Safe Environment Requirements

Certification and practices are to be required of newly hired employees and newly active volunteers within each parish faith community. All Church Personnel (priests, deacons, employees and volunteers) having contact with minors/vulnerable adults shall be required to obtain and maintain their current Safe Environment Certification.

6.1 Safe Environment Awareness

Pastors, administrators and staff personnel shall collaborate with the Office of Victim Outreach and Prevention to develop and maintain the means and methods for creating community wide awareness for the protection of minors/vulnerable adults.

6.2 Safe Environment Trainers

Archdiocesan trainers are vetted by their parish and the Office of Victim Outreach and Prevention to provide live training for parishes, schools and the Archdiocese.

6.3 Safe Environment Coordinator

Parishes and schools will appoint a Safe Environment Coordinator who will be the liaison to the Victim Outreach and Prevention Office. This role is to ensure that Safe Environment policies and protocols are being implemented within the parish or school. They also may assist in setting up Safe Environment trainings and distributing educational and informational material.

6.4 GRACES Committee

This Archdiocesan Safe Environment committee is composed of multidisciplinary expert ministers working in the Archdiocesan schools, parishes and community. The committee helps shape and develop Safe Environment policies and efforts for the Archdiocese.

6.5 Safe Environment Mandatory Data Report

Parishes/schools are required to submit a Safe Environment Data Report each year that includes leadership and pastor signatures. The Safe Environment Coordinator assists the pastor/school administrator in collecting accurate data from various ministries to complete the form. The data is required for the yearly audit by the United States Conference of Catholic Bishops (USCCB).

6.6 Safe Environment Parish and School Audits

The Victim Outreach and Prevention Office will conduct visits for selected parish/school audits each year. All parishes/schools will participate in a Safe Environment audit within a 5-year cycle. Audits include verifying compliance in all Safe Environment requirements and a discussion of various scenarios. The pastor, principal, directors of religious education and youth ministry, Safe Environment Coordinator and others involved in parish/school Safe Environment efforts must be present for the onsite audit. (see appendixes)

6.7 Youth Small Groups

All parish and school ministry small groups involving minors need established parameters for participation in the group (e.g., age, sex etc.). Parents/guardians must give written permission for their child to participate in the group. It is best practice to have two Safe Environment trained adults leading the group. Confidentiality and commitment to the group is essential. (See Appendix)

6.8 In-Home Ministry for Minors

This policy applies to all Parish and/or School sponsored clubs and groups.

Group must be led with a minimum of 2 unrelated Safe Environment Certified adults, one must be 21 years or older. (See Safe Environment policy definitions regarding role distinctions for young adults). "For the purposes of this section, the term related includes, but is not limited to, a person's parent, spouse, adult child or grandparent." The certified adults will be present. The Circle of Grace yearly mandated curriculum must be taught in religious education, youth ministry, faith sharing and discipleship groups. The Archdiocesan Code of Conduct and all Safe Environment Policies must be followed. Examples include, but are not limited to transportation, gifts, technological communication, boundaries and physical contact. The best practice checklist must be reviewed and approved with the pastor or his delegate. (See Appendixes)

6.9 Gifts

Personnel should not accept expensive or excessive gifts from an unrelated minor/vulnerable adult or give expensive, individual or personal gifts to an unrelated minor/vulnerable adult without the permission of the parent or guardian and only by way of the parent or guardian. Exchanges of modest, appropriate gifts between groups of minors/vulnerable adults and personnel in the ordinary course of parish programs and school settings are permissible (e.g., rosaries, prayer cards, holiday candy).

6.10 Inappropriate Behavior

Church Personnel must avoid behavior that includes singling out minors/vulnerable adults or showing them unusual attention. Some examples of this prohibited behavior may include: presenting gifts to a particular unrelated minor/vulnerable adult or giving special favors or tasks to a particular minor/vulnerable adult; allowing a minor/vulnerable adult to drive automobiles owned by Church Personnel or by a parish or school, even though another adult may be present; singling out a particular minor/vulnerable adult for special dinners, trips, or outings; having unofficial or repeated private or other personally intimate conversations through text messaging, emailing, or contact through social media; or initiating intimate or sexual questions about a minor's/vulnerable adult's boyfriend/girlfriend.

6.11 Meeting with Minors/Vulnerable Adults

Church Personnel should avoid being alone (without another Safe Environment certified adult) with any unrelated minor/vulnerable adult, except for reasonable, common-sense, documented exceptions, such as emergency situations or when the interaction is incidental and not extended. When necessary one-on-one meetings with an unrelated minor/vulnerable adult are best held in a public area in the parish and or school. If that is not possible, maintain transparency by meeting in an area visible to others through an unrestricted window or open door and inform others where you will be meeting. Church Personnel should not spend time alone with individual unrelated minors/vulnerable adults in other public locations (e.g., parks, coffee shops, movie theaters).

6.12 Transportation

Church Personnel should not travel in a vehicle with an unrelated minor(s)/vulnerable adult(s) without another Safe Environment Certified adult present, except in documented emergencies or extenuating circumstances. Church Personnel must have prior permission to transport the unrelated minors/vulnerable adult from the parents. In this case, another safe environment certified person should be present, if possible.

6.13 Overnight Accommodations

Church Personnel must not share private overnight accommodations (bedroom, hotel room, tent, camper, bed, etc.) with any unrelated minor/vulnerable adult. In situations in which overnight accommodations are in open spaces (gymnasiums, classrooms, gathering spaces, etc.), actions should be taken to provide suitable supervision by two Safe Environment Certified adults and create reasonable separation between sexes and between adults and minors/vulnerable adults. Church Personnel should not visit the private overnight accommodations of unrelated minors/vulnerable adults without another Safe Environment Certified adult present. Common, visible areas (example: hallways) should be chosen whenever possible for meetings. If adults need to enter or inspect a room or space, the door should be left open and the minor/vulnerable adult may be asked to leave the space before two Safe Environment Certified adults can enter.

Transparent Communication in Technology

6.14 Electronic Communication

Electronic communication is never private. Emails, text messages, and web postings establish a permanent record, which can be obtained and accessed. These means of communication can also be saved, altered and forwarded.

6.15 Avoid All Conduct Which Would Exploit the Trust of a Minor/Vulnerable Adult

Church Personnel will maintain appropriate boundaries and behaviors in professional and personal relationships. Being transparent means that an open line of communication with parents/guardians/staff, etc. will be maintained. It should be clear, intelligible, observable and open to the scrutiny of others. Minors/vulnerable adults should never be put in any uncomfortable or compromising situation.

6.16 Respect Confidentiality and Practice Sensitivity towards Others

Church Personnel must exercise discretion and confidentiality in handling sensitive information and may not disclose confidential information to others not entitled to such information. Confidentiality is not binding if the information shared highlights serious risk and/or endangerment of others. Church Personnel are called to be sensitive to differences in culture, gender, age and those with special needs. Church Personnel need to be aware of those cultural factors which lead to additional vulnerability of certain persons (e.g., undocumented immigrants, those who do not speak English, etc.).

6.17 General Communication Considerations

Communications with unrelated minors/ vulnerable adults must be for professional reasons only. Church Personnel must maintain appropriate boundaries in all communications with an unrelated minor/vulnerable adult, including communications through the use of electronic devices or web-based media. Social media applications that time-out or automatically delete should not be used. All should make certain that the parents or guardians of an unrelated minor/vulnerable adult are aware of the content of private electronic or print communications sent to or received from that unrelated minor/vulnerable adult. In exceptional situations when a parent or guardian is not made aware of the content of a private communication, another Safe Environment Certified adult must be included on the communication or the communication must be shared with the another Safe Environment Certified adult.

6.18 All Communication with Minors/Vulnerable Adults Must Be Faithful

All Communication with minors/vulnerable adults must be faithful to the teachings and values of the Catholic Church. As leaders and role models, our communication with minors/vulnerable adults must respect the psychological, physical and behavioral boundaries of the young person and be appropriate to the ministerial and professional relationship.

6.19 Reporting Suspected Abuse of Minors/Vulnerable Adults

Reporting suspected abuse of minors/vulnerable adults for electronic/technological communications must adhere to the same standards set forth for reporting other types of suspected abuse.

6.20 Permission of the Parent/Guardian

Permission of the Parent/Guardian must be obtained, in writing, in order for any Church Personnel to communicate with minors via telephone, cell phone, text messaging, email, social networks, or other electronic means.

6.21 Electronic Communications Are Never Private

Church Personnel should never consider typed conversations that take place via electronic means (emails, social networking sites, text message, etc.) to be private and confidential nor should it be used to address/discuss confidential matters. These matters should be discussed in a face to face meeting which is more appropriate and professional. Remember, minors/vulnerable adults often believe that electronic communication is more private and gives them a sense of availability and anonymity. However, records of these conversations can be obtained and accessed. These means of communications can also be saved, altered and forwarded.

6.22 Protecting Privacy

To protect the privacy of minors/vulnerable adults, permission must also be obtained, in writing, from the parent or guardian before sharing/posting pictures or videos of minors/vulnerable adults, and before obtaining their email, telephone numbers, or other contact information. Consent also should be obtained when sharing with other minors or vulnerable adults who are part of the class, group or organization. At no point should you audio or video images be recorded without permission of the parents and making the person being recorded aware.

6.23 Messages from a Minor/Vulnerable Adult

If a minor/vulnerable adult sends Church Personnel an inappropriate message, the adult should not reply to it. The Church Personnel should save an unedited copy and notify their pastor, principal or program administrator. A minor/vulnerable adult may also send a message that causes the adult to have concerns for their health and safety. The adult should notify parents, authorities (as needed), and their pastor, principal or program administrator in these cases.

6.24 Communication Time Boundaries

Communication time boundaries must be set for phone calls and electronic communications. Communications should occur during normal ministry hours, (e.g. 8:00 a.m.-9:00 p.m.)

6.25 Education of Internet Safety

Education of internet safety should be reviewed with Church Personnel who work with minors/vulnerable adults, as well as minors/vulnerable adults themselves. All will be transparent and professional in electronic/technical or written communication with minors/vulnerable adults and their families. It is expected that other adults (parents or supervisor) are included in all technological communication. Specific types of communications are delineated in the acknowledged code of conduct. (See Appendix)

6.26 Illegal or Immoral Materials

Church Personnel should never access, transmit, or create materials that are illegal or immoral. These include but are not limited to pornographic, stolen, sexist or discriminatory materials. Illegal activity such as “sexting” or the transmission of other illegal material must be reported immediately to the proper authorities.

6.27 Mandatory Reporting

Mandatory reporting is required of all Church Personnel who have reasonable cause to suspect abuse of a minor/vulnerable adult regardless of the method by which the information is received. This includes any alleged minor to minor abuse.

Supervision of Minors in Virtual Meeting Environments ***(Policies 6.28-6.51 do not apply to educators involved in E-Learning.*** ***Please refer to Appendix 12 for safe environment requirements)***

6.28 Parent/Guardian Consent

Parent/guardian written consent is required prior to connecting with minor(s). Consent also, must be obtained for the recording of all on-line meetings and or classes. Minors should be notified that the meeting will be recorded.

6.29 One on One meetings

One on one meetings should be conducted by a Safe Environment Certified adult and an additional Safe Environment Certified adult or parent/guardian should also be present during the meeting. Any exception regarding an additional Safe Environment Certified adult must be approved by the administrator/leader and guardian.

6.30 Conducting Meetings/Classes with Minors

Safe Environment Certified adults must always conduct meetings/classes with minors and a parent/guardian should have access to the meeting. Exceptions may be granted by certified administrators/leaders for guest speakers who are not Safe Environment Certified.

6.31 Invitations to Church Personnel

Safe Environment Certified administrators/leaders must be included in all meeting/class invitations.

6.32 The Meeting/Class Host

The meeting/class host must use a meeting solution that will provide a preview of all upcoming meetings and a history of all past meetings. The meeting solution should allow Safe Environment Certified administrators to conduct live spot checking and review of past meetings.

6.33 For All Meetings

For all meetings with minors, the meeting host should require access by passwords and send notice of the meeting by private invitation. This requirement may be modified, depending upon solution utilized, but there should not be any publicly available links or meeting numbers. Waiting rooms should be utilized when available.

6.34 Be Aware of Surroundings

All parties should be aware of their audience and surroundings while participating in virtual meetings/classes. Participants and hosts should be in appropriate spaces of their homes and avoid personal spaces (e.g. lying in bed) or inappropriate dress (e.g. pajamas).

6.35 Scheduling of Meetings/Classes

All meeting date/times should be pre-scheduled at least twenty-four hours in advance. Any exceptions must be approved in writing (i.e. by e-mail or other electronic communication tools) by a parent or guardian.

6.36 Recording and Retention of Meetings/Classes

The meeting/class host should record all meetings, both video and audio, for future review and retain the recording for at least one year. In addition, schools and other educational entities should, to the extent possible, follow Family Educational Rights and Privacy Act (FERPA) guidelines. Access to recordings is to be limited to meeting organizer and administrator/leader or law enforcement. If accessed, documentation must be created and retained regarding the access with date/time, person(s) accessing and reason for the access. In the event there is an error that results in a meeting not being recorded, documentation such as an email, must be provided to administrator/leader.

6.37 Providing a Device to a Minor

If a device is supplied to a student (via lease, loan, rent, etc.), it will need to be compliant with the Children's Internet Protection Act ("CIPA"). For example, if a school provides a student with a chrome book, the school must ensure that the Go Guardian program is installed on it so that the device can be secured and monitored.

6.38 Spot Checks of Live On-Line and Recorded Meetings/Classes

Safe Environment certified administrators/leaders should conduct periodic spot checks of live meetings/classes and/or recordings.

Best Practices for Online Education and Ministry

6.39 Tips on Scheduling a Meeting/Class

When scheduling a meeting/class, under "Advanced Options", choose to utilize a Waiting Room and disable "Join Before Host". This will allow you to screen who can enter the group. This is required if you are sharing any meetings IDs publicly to ensure that anyone who should not be in the meeting/class is unable to get in.

6.40 Private Chats

Ensure participants are unable to chat privately; you can disable the chat feature

entirely or allow participants to chat with everyone in a central chat area. This will ensure that private chats are not occurring between adults and teens.

6.41 Screen Sharing

Disable screen sharing for anyone other than the host.

6.42 Co-Host

Enable an adult core member to be a “co-host” to help moderate the event and conduct the meeting in the event the “host” gets disconnected.

6.43 Breakout Rooms

It is permissible to utilize “breakout” rooms with one Safe Environment Certified adult leader in each small group discussion. The host can join in on the various discussions.

6.44 Host and all Participants

Use Grid-View and do not hide self-view while on calls with minors to ensure the recording shows everyone.

6.45 Scheduled Time of Meetings/Classes

The time of scheduled events should mimic regularly scheduled activities, preferably occurring between 8:00 a.m. to 9:00 p.m. at the host location. Exceptions may be granted by administrators/Leaders for special events and/or international students.

6.46 Host and Participant’s Appearance

Dress and grooming habits of hosts and participants should be in accordance with current guidelines in place at the host institution.

6.47 Safe Environment Certified Adults

There should be two Safe Environment Certified adults on every on-line meeting with minors, even small groups. (See 6.29)

6.48 Remind All of the Meeting/Class Being Recorded

Both minors and parents/guardians should be reminded frequently that on-line sessions will be recorded for the safety of the minors. All recordings should, to the extent possible, follow Family Educational Rights and Privacy Act [FERPA](#) guidelines.

6.49 Signing into the Meeting/Class

The host and participants should use their given name (first and last) when signing into the on-line meeting/class.

6.50 Screenshots

Screenshots of any meeting with minors should not be shared to personal social media accounts. If the picture is to be shared through institutional social media and/or e-mail, names should be blurred.

6.51 Meeting/Class Management

It is highly recommended that the host of any on-line meeting/class with minors create

standards for effectively managing conversation and share these at the beginning of all sessions.

Review Board Mission Statement and Procedures

Preface

The Review Board for the Archdiocese of Omaha was established in January 2003, in response to the United States Conference of Catholic Bishops approval of two documents, the *Charter for the Protection of Children and Young People* (June 2002, revised in 2005, 2011, and 2018) and the *Essential Norms for Diocesan/Eparchial Polices Dealing with Allegations of Sexual Abuse of Minors by Priests or Deacons* (December 2002, revised in 2006). The *Charter* and the *Essential Norms* address the crisis in the Church in the United States regarding the sexual abuse of minors by some Clergy and Church Personnel.

This *Mission Statement and Procedures* directs the work of the board, the areas of responsibility, membership, and procedures of the Review Board. This document is part of the *Archdiocesan Policy for the Protection of Children and Young People*.

The safe environment policies that refer to **Church Personnel/ Personnel** includes but is not limited to clergy, religious men and women, employees and volunteers. These standards and the accompanying forms are subject to change

Mission of the Review Board

The Board is charged with advising the Archbishop in the work of the just handling of allegations of sexual abuse, the prevention of further abuse, the healing of those who have been injured, and the re-creation of a sense of trust among the faithful and the larger community.

General Responsibilities of the Review Board

- 7.0 The Review Board is responsible to the Archbishop and provides consultation to him in his service to those who have been injured by sexual abuse, the alleged offenders, and the people of the Archdiocese. The general responsibilities of the board are to:

Ministerial Conduct Board Mission Statement and Procedures

Preface

Since its inception in 2019, the Ministerial Conduct Board has existed in the Archdiocese of Omaha to serve as a resource to the Archbishop and his staff in regard to responding to clergy misconduct and to review policies related to clergy misconduct. This board is separate from the Archdiocesan Review Board and does not review any misconduct with minors. The Ministerial Conduct Board is a valuable resource as we resolve allegations of misconduct alone or with other adults in a manner that is fair and just. Lay professionals who volunteer their time and expertise to serve on this board make a great contribution to the work of the Church.

Mission of the Ministerial Conduct Board

Safe Environment Certification

Employees and Volunteers

Introduction

As part of the commitment to providing a safe and secure environment for all minors and vulnerable adults who participate in activities sponsored by the Church, background checks will be conducted on all Church personnel who have contact with them in addition to training and a code of conduct acknowledgement. A successful completion of these three requirements will result in a Safe Environment Certification.

In developing these policies, the foremost concern is the protection of minors and vulnerable adults. However, being mindful of the privacy interests and rights of those background screened and the relevance of particular crimes to certain positions within the Church, those rights and interests are taken into consideration. Thus, the fact that an individual was convicted of a crime is not an automatic bar to employment/ministry within the Church.

For example, a single conviction of driving while intoxicated more than 6 years ago, would not automatically disqualify an individual from teaching religious education in a parish.

In addition, parishes and schools have the discretion to require additional background checks. For example, a motor vehicle record check may be required of all Church Personnel who drive as part of their employment, volunteer service or ministry with the Church. Parish/Schools Day Care workers may need to consent to a background check through the State as well as through the Archdiocese.

The following are expected of all Church Personnel. The Safe Environment policies refer to **Church Personnel/ Personnel** which includes but is not limited to clergy, religious men and women, employees and volunteers. These standards and the accompanying forms are subject to change.

Individuals who complete this process successfully, and have an approved background check will be Safe Environment Certified.

9.3 The Victim Outreach and Prevention Director or designated other will review any concerns disclosed by a background check with the hiring authority. In the case of a Parish/School employee, the Pastor/Administrator, in consultation with the Victim Outreach and Prevention Director will make the final decision regarding the qualification of the potential employee. In the case of an Archdiocesan employee, clergy or seminarians, the Chancellor will make the final decision regarding the continuation of employment.

Code of Conduct for Clergy

Archdiocese of Omaha

(Effective Date: 7/1/2019)¹

This Code of Conduct for Clergy (*Code*) of the Archdiocese of Omaha (Archdiocese) establishes standard policies and provides guidance for Clergy. We recognize, as disciples of Jesus Christ, that we must witness to Jesus both by what we say and what we do, and that our conduct should always seek to be in accord with the Faith which we profess. As Jesus said, “Let your light so shine before all, that they may see your good works and give glory to your Father who is in heaven” (Matt 5: 16).

This *Code* applies to clerical conduct that relates to the vocational role of Clergy in the Church. Clergy means ordained bishops, priests, and deacons in the clerical state (Clerics). With the exception of those sections which refer to Clergy-specific conduct (e.g., Section 3), this *Code* will also apply to seminarians and men in formation for the permanent diaconate. This *Code* applies to all Clergy serving in the archdiocese, whether incardinated or extern, who are in possession of archdiocesan faculties.

This *Code* does not presume to provide the answers to all ethical questions facing us; rather, it establishes a set of general principles, ethical standards and mandatory protocols for life and ministry that we must abide by, and thereby helps to delineate boundaries by which ethical questions can be evaluated. It is also intended that this *Code* will stimulate discussion within the Church community in order to broaden consensus on standards of practice and to further refine them. As well, it requires accountability from Clergy who fail to abide by its terms.

Responsibility for adherence to this *Code* rests with each of member of the Clergy. If there is a failure to adhere to its contents, in consultation with either the Archdiocesan Review Board or Ministerial Conduct Board, appropriate remedial action will be taken, including, but not limited to, removal from public ministry. As also further described in their statutes, the Archdiocesan Review Board has as its competence the evaluation of allegations of misconduct involving minors. The Ministerial Conduct Board has as its competence the evaluation of allegations of misconduct carried out alone or involving those who have reached the age of majority.

The public and private conduct of Clergy has the potential to inspire and motivate people, as well as the potential to scandalize and tear down their faith. All clerics must be aware of the responsibilities that accompany their work. God’s goodness and grace support all Clergy in their work and ministries.

GENERAL PRINCIPLES

1. Clergy must bear witness to the mission of the Church through their conduct. They are to keep the moral law of Christ and His Church and to live lives that are consistent with the sacred mysteries they celebrate. As such, this *Code of Conduct* is a reflection of the trust and confidence placed in Clergy because of this sacramental closeness to Christ and His Church.

¹ This policy was updated on 9/9/2020 in 7.2 only, in accord with the 4/29/20 “Virtual Meeting Environments” Policy.

2. Clergy must exhibit high ethical standards and personal integrity. They must be aware of the responsibilities and positions of trust that accompany their work and exhibit this awareness by maintaining appropriate boundaries and exercising caution against all harm.

3. Relationships are at the foundation of ministry and are central to Catholic life. Healthy and safe relationships are founded upon and demonstrate sincere love, respect and compassion for all of those who are served.

4. Clergy are responsible for their own spiritual, physical, mental and emotional well-being. They are also responsible for maintaining professional competence and for meeting the commonly recognized professional standards of their particular roles. They should seek the necessary help when either personal or professional areas of their life need attention. They are encouraged to familiarize themselves with available resources in these areas, including those offered through the offices of the Vicar for Clergy, Servant Minister, and Vocations.

5. This document is not retroactive and it replaces any previous *Code of Conduct*.

KEY TERMS

Unless otherwise specified, words used in this document should be understood according to their ordinary meaning (e.g., “integrity” should be considered as consistent moral uprightness).

“Appropriate Boundaries” means those guidelines, rules or limits that a person creates to identify reasonable, safe and permissible ways for other people to behave towards them and how they will respond when someone passes those limits. It is important to bear in mind that these are subjective and often a matter of personal preference.

“Archdiocese” means the Archdiocese of Omaha.

“Clergy” means any ordained persons, including all bishops, priests, and deacons.

“Cleric” means a member of the Clergy.

“Code of Conduct” means the Code of Conduct for Clergy.

“Harassment” means either a single incident or a persistent pattern of behavior where the purpose is to create a hostile, offensive, or intimidating pastoral environment.

“Minor” means anyone who has not reached the age of 19. For the purpose of this policy, “minor” includes a “Vulnerable Adult” as applicable. This age is determined by Nebraska statute, and is a higher standard than that determined by canon law.

“Misconduct” means any violation of this *Code of Conduct*, or other disciplinary law or policy.

“Parish” means a parish within the Archdiocese Territory that is Archdiocese-recognized as Catholic.

“Power Differential” means the inherently greater power and influence that helping professionals have as compared to the people they help. The Clergy member is perceived as having more psychological strength, control, spiritual authority, and leverage than the people they help.

“School” means a primary school or a secondary school within the Archdiocese’s territory that is Archdiocese-recognized as Catholic, as well as diocesan Newman Centers.

“Seminary” means any or all of those seminaries utilized by the Archdiocese.

“Unprofessional” means below or contrary to the standards expected in a particular profession.

“Vulnerable Adult”, by Nebraska statute, means any person eighteen years of age or older who has a substantial mental or functional impairment or for whom a guardian has been appointed under the Nebraska Probate Code, or one who habitually lacks the use of reason. (cf., *The Catholic Archdiocese of Omaha’s Policy for the Protection of Children and Young People*, 2011, 2.6)

“Young Adult”, by Archdiocesan policy, means those persons from 19 to 21 years of age.

ETHICAL STANDARDS

1. Professional and Personal Interaction

1.1 Clergy will maintain appropriate boundaries in professional and personal relationships, and not use the power inherent in their position to exercise unreasonable or inappropriate authority or expectations over others.

1.2 Clergy will relate to others respectfully and professionally, and will work collaboratively and cooperatively with others serving the Church.

1.3 Clergy must not engage in physical, psychological, spiritual or sexual harassment of or misconduct with any person, and must not tolerate such harassment by others serving the Church.

1.4 Clergy are called to integrity according to their vocation and to exhibit this through their professional and personal conduct.

a. Clergy must not exploit another person for any purpose.

b. Clergy should not view pornographic material. Clergy are encouraged to self-report this behavior in order to get assistance.

c. Clergy are prohibited from the viewing of pornographic materials on, or taking pornographic materials onto, the property of the Archdiocese, a Parish or a School. Clergy must not create, acquire, possess, or distribute any pornographic images.

d. Bishops, priests, and unmarried deacons must not violate their promise of celibacy with another person. Married deacons must be faithful to their marital vows. Clergy are prohibited from going to so-called “gentlemen's clubs” and to similar places. Clergy are prohibited from hiring prostitutes or seeking out illicit behavior via telephone or the internet. External violations of the sixth commandment are always prohibited to all Clergy.

1.5 Clergy must not illegally: purchase, possess, use, or distribute tobacco, alcohol, or other drugs. Clergy must not be under the influence of illegal drugs, or under the influence of alcohol or medications that impair stable functioning or sound judgment in the course of their personal life or pastoral work.

1.6 While reasonable debate on matters of social import is valued, Clergy must conduct themselves in a manner consistent with Catholic teaching as set forth in the *Catechism of the Catholic Church* in all public communications. Public communications are communications offered in a public forum or disseminated to a general audience, and also include communications whose potential for broad dissemination is reasonably foreseeable (e.g., homily, classroom teaching, social media, public speech, bulletin article, op-ed submission to media, social media post, or blog). While Clergy are permitted to hold and promote their own political views, the endorsement of or opposition to specific candidates for office or political parties is not permitted. Clergy are to avoid any semblance of using their office or ordination as a means to endorse or oppose specific candidates for office or political parties. Clergy should consult the USCCB’s *Forming Consciences for Faithful Citizenship* as their guide in these matters.

1.7 Clergy must exercise discretion and confidentiality in handling sensitive information and may not disclose confidential information to others not entitled to such information. The seal of confession is, in all circumstances, inviolable.

1.8 Clergy are called to sensitivity to cultural, gender, and age differences throughout the archdiocese. Clergy should be attentive to those cultural factors which lead to additional vulnerability of certain persons (e.g., undocumented migrants, those who do not speak English, etc.). Additionally, Clergy should be aware of differences in professional and pastoral boundaries with young adults, those in their twenties, and those with whom there is a substantial difference in age.

2. Conduct with Minors

2.1 Clergy must use prudent judgment and common sense when working with all minors, related and unrelated. As indicated above, this includes those who are vulnerable adults.

2.2 Clergy should avoid being alone with any unrelated minor, except for sacramental confession, or for reasonable, common-sense exceptions, such as emergency situations and circumstances where the interaction is incidental and not extended. In parish and school settings, one-on-one meetings with an unrelated minor are best held in a public area; or if that is not appropriate or possible, in an area visible to others through a window or open door. Clergy should not spend time alone with unrelated minors in other public locations (e.g., parks, coffee shops, movie theaters). For married deacons, a regular, common-sense exception would be

carpooling unrelated minors along with their own children or grandchildren, with the prior permission of the parents of the unrelated minors. In these cases, another safe-environment trained person should be present, where possible.

2.3 Physical contact with a minor must be nonsexual and appropriate. Examples of appropriate contact are: verbal praise, handshakes, “high-fives”, pats on the shoulder from the front, brief hugs, holding hands while walking with small children, sitting beside small children, kneeling or bending down for hugs from small children, holding hands during prayer, pats on the head when culturally appropriate, or holding children for photographs in public settings such as baptisms.

2.4 Clergy are prohibited from having an unrelated minor in a vehicle unless supervised. Therefore, Clergy must not travel in a vehicle with an unrelated minor or vulnerable adult without another Safe Environment trained adult present, except in documented emergencies.

2.5 Clergy must not share private overnight accommodations (bedroom, hotel room, tent, camper, bed, etc.) with any unrelated minor. In situations in which overnight accommodations are in open spaces (gymnasiums, classrooms, gathering spaces, etc.), actions should be taken to provide suitable supervision and create reasonable separation between sexes and between adults and minors. Clergy should not visit the private overnight accommodations of unrelated minors without another Safe Environment trained adult present. Married deacons with children should follow Safe Environment standards when traveling with unrelated minors.

2.6 Communications by Clergy with unrelated minors must be for professional reasons only. Clergy must maintain appropriate boundaries in all communications with an unrelated minor, including communications through the use of electronic devices or web-based media. No time-limited communications with minors should take place.

a. Clergy should make certain that the parents or guardians of an unrelated minor are aware of the content of private electronic or print communications sent to or received from that unrelated minor. In exceptional situations when a parent or guardian is not made aware of the content of a private communication, Clergy must share the communication with another safe-environment trained adult.

2.7 Clergy will not use physical force or use profane, lewd, demeaning, physically threatening, or abusive language in interactions with minors or any persons; except that proportional physical force may be used as necessary in situations of self-defense or when the minor is a danger to self or others.

2.8 Clergy should not accept expensive or excessive gifts from an unrelated minor, or give expensive, individual or personal gifts to an unrelated minor without the permission of the parent or guardian and only by way of the parent or guardian, such that a gift is given to a parent or guardian for a minor. Exchanges of modest, appropriate gifts between groups of minors and Clergy in the ordinary course of parish programs and school settings is permissible (e.g., rosaries, prayer cards, holiday candy).

2.9 Clergy must avoid behavior that has been used by adults to develop inappropriate relationships with minors. Activities include singling out minors or showing them unusual attention. Some examples of this behavior prohibited for Clergy include but are not limited to the following: presenting gifts to a particular child (relatives excluded) or giving special favors or tasks to a particular child; allowing a minor to drive automobiles owned by Clergy or by a parish or school, even though another adult may be present; singling out a particular child for special dinners, events, trips, or outings; having unofficial or repeated private or other personally intimate conversations through text messaging, emailing, or contact through social media; asking intimate or sexual questions about a minor's boyfriend/girlfriend.

3. Conduct Related to Pastoral Counseling

3.1 When engaged in counseling or spiritual direction, Clergy must take great care to respect the rights and advance the welfare of all involved.

3.2 Pastoral counseling services provided by Clergy must be within the scope of their expertise, training, or certification.

3.3 Clergy are responsible for establishing and maintaining clear, appropriate boundaries in pastoral counseling relationships.

3.4 Pastoral counseling sessions must be held in appropriate settings and at appropriate times. Sessions must not be held at places or times that might confuse the person being counseled as to the nature of the relationship with the cleric.

3.5 Physical contact during pastoral counseling or spiritual direction may be misconstrued. Any physical contact must be appropriate in nature and duration.

3.6 Upon ending a pastoral counseling relationship, Clergy should recommend appropriate arrangements for the continued care of person(s) they have been counseling.

3.7 When pastoral counseling services are provided to two or more people who have a relationship with each other (e.g., spouses, family members) outside the context of pastoral counseling, Clergy must:

- a. Clarify the nature of the relationship(s) of those involved;
- b. Identify potential conflicts of interest that may exist because of prior personal or pastoral relationships between the cleric and the person(s) receiving pastoral counseling; and
- c. Discuss how to eliminate or manage the conflicts.

3.8 Clergy are strongly encouraged to seek out consultation with other professionals or pastoral counselors regarding the counseling that they give. This should take place in a confidential manner. This is a recognized practice in the field for counseling and leads to better outcomes,

transparency for counselors, and better maintenance of professional boundaries with those who are served.

4. Confidentiality in Pastoral Counseling and Spiritual Direction

4.1 Clergy must discuss the nature of confidentiality and its limitations with each person in counseling.

4.2 Information obtained by Clergy in the course of religious or spiritual advice, aid, or comfort is confidential and may be disclosed only when legally required to do so consistent with civil or canon law.

4.3 Clergy must safeguard the confidentiality of any notes, files, or electronic records pertaining to pastoral counseling services. Counseling or spiritual direction sessions must not be video or audio recorded without the prior informed, written consent of all parties involved.

4.4 Knowledge that arises from professional pastoral counseling interactions must be used with discretion in teaching, writing, homilies, or other public presentations only when effective measures have been taken to safeguard individual identity and confidentiality.

4.5 Information received during the sacrament of confession may never be recorded or disclosed (*Code of Canon Law*, 1983, c. 983; *Sacramentorum Sanctitatis Tutela/Normae Substantiales*, 2010).

4.6 In canonical terms, the “internal forum” refers to those matters that are discussed in pastoral counseling and the sacrament of confession. The “external forum” refers to those matters that are discussed elsewhere. The seal of confession only refers to the Sacrament of Confession. All Clergy must be familiar with Nebraska statute 27-506, which describes privileged communications with Clergy.

5. Conflicts of Interest

5.1 Clergy must avoid actions that may reasonably be perceived as exploiting their position with the Church to further their personal, religious, political, or business interests. Clergy should avoid situations that present conflicts of interest. Even the appearance of a conflict of interest can call integrity and professional behavior into question and should be avoided.

5.2 A conflict of interest may exist when Clergy have an ownership interest in, an investment interest in, or a compensation arrangement with, an entity or individual who engages in regular or substantial business with the Archdiocese, relevant parish, or relevant Catholic school.

5.3 Conflict of interest situations that are to be avoided include:

- a. Acting with unfair bias or partiality toward anyone with whom a Cleric has an existing professional or personal relationship;
- b. Violating the confidence of another person for personal gain; and
- c. Accepting gifts of excessive material value that are given in any way to sway, persuade, or influence decision making.

5.4 Clergy must exercise discretion when considering assumption of fiduciary obligations or financial responsibility for a person associated with a parish or Catholic school, with the exception of family members, and should consult with the offices of the Chancellor or the Vicar for Clergy before assuming such obligation or responsibility. Clergy are prohibited from assuming public offices. Clergy—with the exception of permanent deacons—are prohibited from conducting commercial business. Clergy are obliged to comply with the provisions of canons 285-288 of the *Code of Canon Law*, 1983.

5.5 Clergy may not receive dual compensation for work within the scope of their assignment or employment (e.g., a priest who receives a salary as a pastor may not also receive a salary as a director of faith formation at the same parish). This does include the common subdivision of compensation among multiple apostolates, so long as the total does not exceed the standard compensation rates published by the Archdiocesan Finance Office. This also does not include fees given for talks, retreats, professional services, etc., outside of a cleric's assignment.

5.6 Clergy must disclose conflicts of interest to all affected parties. In resolving the issues, primary attention must always be given to the protection of the person receiving ministry or services.

6. Reporting Misconduct

6.1 Clergy must adhere to high ethical standards and report observed behavior which is illegal, unethical or unprofessional to their supervisor or other appropriate church authority.

6.2 Clergy are required to report to the Office of the Vicar for Clergy or the Office of the Chancellor any time they become a defendant in a criminal or civil case, are arrested, or receive a citation for behavior which violates this *Code*; the Office of the Vicar for Clergy or the Office of the Chancellor shall gather available, relevant documentation and assess whether the particular matter should be forwarded to the Ministerial Conduct Board and/or the Archdiocesan Review Board based on the scope of the boards as set forth in their statutes.

6.3 Clergy who have reason to believe that a minor is being abused or neglected or has been abused or neglected must immediately report the basis for their belief to:

a. Proper civil authorities--typically, law enforcement or Child Protective Services--in accordance with state statutes about mandatory reporting;

and,

b. The Office of Victim Assistance (or other appropriate chancery official). Parents or guardians are to be notified, only after consultation with civil authorities.

6.4 Suspected child pornography must be similarly and immediately reported to:

a. Proper civil authorities--typically, law enforcement or Child Protective Services--in accordance with state statutes about mandatory reporting;

and,

b. The Office of Victim Assistance (or other appropriate chancery official). Parents or guardians are to be notified, only after consultation with civil authorities.

6.5 Clergy possess rights under the law. In the carrying out of investigations into any allegations of misconduct, these rights will be protected. Clergy are always free to exercise their rights. Specific protocols about investigations and allegations are available to all Clergy from the office of the Vicar for Clergy.

7. Information Technology

Electronic Communication with Unrelated Minors

Regardless of the manner or method, all communication with minors must be faithful to the teachings and values of the Catholic Church. As leaders and role models for children our communication with minors must respect the psychological, physical and behavioral boundaries of the young person and be appropriate to the ministerial and professional relationship.

Permission of the parent or guardian must be obtained, in writing, in order for any cleric to communicate with minors via telephone, cell phone, text messaging, email, social networks, or other electronic means.

In order to protect the privacy of youth, permission must also be obtained, in writing, from the parent or guardian before sharing/posting pictures or videos of minors, and before sharing email, telephone numbers, or other contact information with other minors or adults who are part of the class, group or organization.

Clerics should never consider typed conversations that take place via electronic means (emails, social networking sites, text message, etc.) to be private and confidential. Electronic communication between a cleric and a minor should not be used to address/discuss confidential matters. These are to be discussed in a face to face meeting which is more appropriate and professional. Remember young people often believe that electronic communication is more private and gives them a sense of availability and anonymity. However, records of these conversations can be obtained and accessed. These means of communications can also be saved and forwarded.

If a minor sends a cleric an inappropriate message, the cleric should not reply to it. The cleric should print it and notify his immediate supervisor or another safe environment trained adult. A minor may also send a message that causes the cleric to have concerns for the health and safety of that young person. Clerics should notify parents, authorities (as needed), and their immediate superior in these cases.

Clerics must set appropriate boundaries around the times when phone calls will be made and electronic communications will be sent.

Clerics should take time to review internet safety with minors in their classes, groups, organizations, etc., especially if they are utilizing web-based technology to enhance outreach to the minors with whom they work.

For copyright and trademark reasons, individual apps, websites, online serves, etc., are not named in this document, even though they fall within its scope.

Specific Types of Communications, Included but not Limited to the Following:

1. Email, Instant Messaging, and Text Messaging

Clerics should only communicate with minors through the use of their archdiocesan, parish, or school email address or school-sponsored platforms (e.g., Sycamore).

In order to protect the email addresses of minors, the clerics should use the blind carbon copy (BCC) feature when sending an email to more than one minor.

If a group of youth need to be in contact with each other via email, permission must be obtained from the parent or guardian before sharing a minor's email address with other members of the group. (A youth leadership team would be one example of a situation where clerics may seek permission to share email addresses among group members.)

Clerics should never consider email to be private. Clerics may wish to copy another responsible adult (parent, supervisor, athletic director or alternate youth ministry leader) when sending an electronic message to a minor. This action demonstrates transparency and appropriateness when communicating with minors. All electronic messages should be relevant to the ministerial/professional relationship the cleric has with the minor with due consideration for the age of the minor.

Clerics should be brief in one-to-one, electronic conversations with a minor. Messages should be kept short and to the point and related to the professional/ministerial relationship between the cleric and the minor.

2. Video and Audio Calls ²

Clerics should not initiate telephone or video conversations with unrelated minors. Conversations initiated by unrelated minors should be kept short and to the point, and related to the professional/ministerial relationship between the cleric and the minor. Clerics should notify parents or another responsible adult when communicating in this way.

3. All Types of Social Networking

Clerics who use social networking sites to communicate with minors about their ministry should create a separate business or public account, and/or group, for this specific use whenever possible.

Precautions should be taken to guard the privacy of anyone who has access to the page. The highest privacy settings must be used. In addition, clerics should encourage minors and parents who join the online community to set their privacy settings at the highest levels. Written permission from a parent/guardian should be obtained prior to a minor's participation on a social networking site, such as Facebook, sponsored by a parish organization.

Minors should not be given access to the private or personal postings of a cleric. All interactions should reflect the ministerial/professional role of the cleric.

4. Blogs and Microblogs

Blogs and microblogs used for educational or ministerial purposes should be conducted in a professional manner and the content should reflect the purpose.

It is recommended that the blog or microblog be set up so that comments are not posted until they are reviewed and approved by the owner of the blog or microblog. The practice prevents inappropriate and hurtful comments from being posted.

Personal blogs or microblogs should not be shared with minors.

² This section is augmented by the document "Safe Environment Policies for the Supervision of Minors in Virtual Meeting Environments". Any portion of that policy contrary to Section 7.2 takes precedence over Section 7.2 of this document.

5. Websites

Websites used to represent a parish or parish organizations must be owned and managed by the parish. A cleric must obtain permission from the pastor or pastor's delegate to set up a web page that represents the parish.

Websites may be linked to other sites. It is recommended that all persons add this statement to any site created:

"Links to other sites are provided on this site. These sites are provided for informational purposes only and are not necessarily sponsored by the parish or church organization."

6. Videos, Photographs, Other Images

Clerics must obtain written permission from a parent or guardian to share a photograph or video with another party for any reason.

Videos and photographs which are posted by electronic means with the permission of the parent or guardian, should not give identifying information about the child (i.e., full name, addresses, birth date, etc.).

7. Online Gaming

This recreational activity is used by peers to play games and socialize. Clerics involved in service and ministry to youth are not peers of the youth. For this reason, clerics should not be involved in online gaming with the youth whom they serve. Clerics should not engage in any personal, in-game communications with any unrelated minors.

8. Illegal or Immoral Materials

Clerics should never access, transmit, or create materials that are illegal or immoral. These include but are not limited to pornographic, stolen, sexist or discriminatory materials. Illegal activity such as "sexting" or the transmission of illegal material must be reported immediately to the proper authorities.

9. Important Reminders

Electronic communication is not private. Emails, text messages, and web postings establish a permanent record, which can be obtained and accessed. These means of communication can also be saved and forwarded.

All expectations regarding the reporting of suspected child abuse are in effect regardless of the method by which the information reaches the clerics ministering to youth.

Appendix 2

Archdiocese of Omaha Safe Environment Code of Conduct for Lay Persons Employee, Volunteer and Religious Men and Women

Standards of Obligation, Responsibility and Accountability for Care, Contact and Conduct with Children, Young People and Vulnerable Adults
(Effective Date: July 1, 2020)

The Safe Environment policy of the Archdiocese of Omaha defines ‘Church personnel’ to include Clergy. Because there is a separate Code of Conduct for Clergy, for the purpose of this Code of Conduct, the term “All” or “Church personnel” refers to all lay persons (employee, volunteer and religious men and women, age 19 and over) who have contact with children/youth/vulnerable adults on behalf of the Church.

The term “Minors” refers to all children and youth who have not reached the age of 19. This age is determined by Nebraska statute, and is a higher standard than that determined by canon law. Employed and volunteer Church personnel will be held to the same standards and expectations.

Expectations

Mission

- One Church, encountering Christ, equipping disciples and living mercy
- All must represent and respect the Church’s teachings. All must bear witness to the mission of the Church through their conduct. They are to be faithful and merciful disciples of Christ whose actions are consistent with the moral law and teachings of our Catholic Church.
- As ambassadors for Christ, it is up to every one of us to care for and protect the most vulnerable**
- We are called to be the eyes and ears of the Church and to keep our minors/vulnerable adults safe. If you see something that doesn’t feel or look right, it should be reported. It is only when the authorities and others have the necessary information that we can establish a truly safe environment for all.

Conduct/Relationships

- Present oneself with dignity and integrity**
- All must exhibit high ethical standards and personal integrity. They must be aware of the responsibilities and positions of trust that accompany their work and exhibit this awareness by maintaining appropriate boundaries and exercising caution against all harm.
- Relationships are at the foundation of ministry and are central to Catholic life.**
- Healthy and safe relationships/boundaries reflect sincere love, respect and compassion, which can foster a closer relationship with God for others. A safe environment is created through mutual respect for the dignity of each person, who is made in the image and likeness of God.
- Recognize that the role of Church personnel as an employee/volunteer is to serve other’s needs rather than one’s own.**
- All will strive to make a positive difference in the lives of minors/vulnerable adults. We can never have an equal/peer relationship with a minor. Working or volunteering with them is a privilege and should not be used to satisfy personal desires or needs.
- Physical contact with a minor must be nonsexual and appropriate**
- Examples of appropriate contact include: verbal praise, handshakes, “high-fives”, pats on the shoulder

from the front, brief hugs, holding hands while walking with small children, sitting beside small children, kneeling or bending down for hugs from small children, holding hands during prayer, pats on the head. We should always take into account the culture and personal preferences of the receiver.

☐ Church personnel will not use physical force or use profane, lewd, demeaning, physically threatening, or abusive language in interactions with minors/vulnerable adults or any other person when representing the Church.

☐ An exception would be that proportional physical force may be used as necessary in situations of self-defense or when the minor/vulnerable adult is a danger to self or others.

☐ Conduct oneself in accordance with the law and in a professional and prudent manner

☐ All must not illegally purchase, possess, use, or distribute tobacco, alcohol, or other drugs for minors/vulnerable adults. All may never be under the influence of alcohol, illegal drugs, or medications that impair stable functioning or sound judgment in the course of their volunteer or paid work as Church personnel.

☐ Avoid inappropriate relationships with other Church personnel, clergy or parishioners

☐ In order to model positive and appropriate relationships, all will relate to others respectfully and professionally and will work collaboratively and cooperatively together. All must not engage in physical, psychological, spiritual or sexual harassment of, or misconduct with, any person and must not tolerate such harassment by others serving the Church.

☐ Additionally, Church personnel should be careful to maintain appropriate boundaries when working or volunteering with young adults, those age 19 through their early twenties, and those with whom there is a substantial difference in age.

Safe Environment Boundaries

☐ Church personnel assume full responsibility for establishing and maintaining clear, appropriate boundaries and will be open to feedback or redirection regarding any concern.

Appropriate personal and pastoral boundaries are maintained by following the policies and guidelines put in place by the Archdiocese, as well as following Catholic morals and virtues. Intimate/physical/sexual relationships with those entrusted to our care are never permissible. Maintaining appropriate boundaries would also include being aware of all adults, minors and vulnerable adults who are present and taking action if necessary.

☐ Implement procedures, guidelines and practices that ensure safeguards for minors/vulnerable adults

Church personnel are fully responsible for knowing and implementing clear, appropriate boundaries in personal and technological interactions with minors and vulnerable adults. These should be communicated to participants/families prior to involvement.

All must be aware of the responsibilities and positions of trust that accompany their work and exhibit this awareness by maintaining appropriate boundaries and exercising caution against all harm.

Any violation of policies, practices, procedures and guidelines should be documented for any future reports/disclosures that may be required.

☐ Understand and respect that our role as Church personnel comes with significant status/power.

All should strive to use authority responsibly with integrity and exhibit this through their conduct with others. Church personnel may be perceived as having more psychological strength, control, spiritual authority, and leverage than those they serve and should be mindful of the power differential that exists in relationships and endeavor to be mutually respectful. We should never use status to exploit another

person for any purpose.

Church personnel should not accept expensive or excessive gifts from an unrelated minor/vulnerable adult, or give expensive, individual or personal gifts to an unrelated minor/vulnerable adult, without the permission of the parent or guardian and only by way of the parent or guardian, such that a gift is given to a parent or guardian for a minor/vulnerable adult. Exchanges of modest, appropriate gifts between groups of minors/vulnerable adults and Church personnel in the ordinary course of parish programs and school settings is permissible (e.g., rosaries, prayer cards, holiday candy).

Church personnel must avoid behavior that has been used by adults to develop inappropriate relationships with minors/vulnerable adults. Activities include singling out minors/vulnerable adults or showing them unusual attention. Some examples of this prohibited behavior may include: presenting gifts to a particular minor/vulnerable adult (relatives excluded) or giving special favors or tasks to a particular minor/vulnerable adult; allowing a minor/vulnerable adult to drive automobiles owned by Church personnel or by a parish or school, even though another adult may be present; singling out a particular minor/vulnerable adult for special dinners, trips, or outings; having unofficial or repeated private or other personally intimate conversations through text messaging, emailing, or contact through social media; or initiating intimate or sexual questions about a minor/vulnerable adult's boyfriend/girlfriend.

Church personnel must use prudent judgment and common sense when working with all minors/vulnerable adults.

When acting as an employee or volunteer on behalf of the Church:

Church personnel must not travel in a vehicle with an unrelated minor(s)/vulnerable adult(s) without another Safe Environment certified adult present, except in documented emergencies or extenuating circumstances.

Church personnel should avoid being alone (without another Safe Environment certified adult) with any unrelated minor/vulnerable adult, except for reasonable, common-sense, documented exceptions, such as emergency situations or where the interaction is incidental and not extended.

When necessary for your role in a parish and/or school setting, one-on-one meetings with an individual unrelated minor/vulnerable adult are best held in a public area; or if that is not possible, maintain transparency by meeting in an area visible to others through an unrestricted window or open door, and let others know where you will be meeting.

Church personnel should not spend time alone with individual unrelated minors/vulnerable adults in other public locations (e.g., parks, coffee shops, movie theaters). A common-sense exception would be carpooling unrelated minors/vulnerable adults along with their own children or grandchildren. Church personnel must have prior permission of the parents or guardians of the unrelated minors/vulnerable adults. In this case, another safe-environment certified person should be present, if possible.

Church personnel must not share private overnight accommodations (bedroom, hotel room, tent, camper, bed, etc.) with any unrelated minor/vulnerable adult. In situations in which overnight accommodations are in open spaces (gymnasiums, classrooms, gathering spaces, etc.), actions should be taken to provide suitable supervision by two Safe Environment certified adults and create reasonable separation between sexes and between adults and minors/vulnerable adults.

Church personnel should not visit the private overnight accommodations of unrelated minors/vulnerable adults without another Safe Environment certified adult present. Common, visible areas (example: hallways) should be chosen whenever possible for meetings. If Church personnel need to enter/ inspect a room or space, the door should be left open and minors/vulnerable adults may be asked to leave the space before two Safe Environment certified adults can enter. Church personnel should follow Safe Environment standards when traveling with unrelated minors/vulnerable adults.

Communication/Transparency Electronic communication is never private. Emails, text messages, and web postings establish a permanent record, which can be obtained and accessed. These means of communication can also be saved, altered and forwarded. For copyright and trademark reasons, individual apps, websites, online services, etc., are not named in this document, even though they fall within its scope.

Avoid all conduct which would exploit the trust of minors/vulnerable adults

All will maintain appropriate boundaries and behaviors in professional and personal relationships whether in the presence of minors/vulnerable adults or not. Being transparent means that an open line of communication with parents/guardians/staff, etc. will be maintained that is clear, intelligible, observable and requires us to be open to the scrutiny of others in all actions with minors/vulnerable adults. Minors/vulnerable adults will never be put in any uncomfortable or compromising situation.

Respect confidentiality and practice sensitivity towards others

All must exercise discretion and confidentiality in handling sensitive information and may not disclose confidential information to others not entitled to such information. **Confidentiality is not binding if the information that has been shared highlights serious risk and/or endangerment of others.**

All are called to be sensitive to differences in culture, gender, age and those with special needs throughout the archdiocese. Be aware of those cultural factors which lead to additional vulnerability of certain persons (e.g., undocumented migrants, those who do not speak English, etc.).

Communications by Church personnel with unrelated minors/vulnerable adults must be for professional reasons only.

All must maintain appropriate boundaries in all communications with an unrelated minor/vulnerable adult, including communications through the use of electronic devices or web-based media. Social media applications that time-out or automatically delete should not be used.

All should make certain that the parents or guardians of an unrelated minor/vulnerable adult are aware of the content of private electronic or print communications sent to or received from that unrelated minor/vulnerable adult. In exceptional situations when a parent or guardian is not made aware of the content of a private communication, another safe-environment certified adult must be included on the communication or the communication must be shared with them.

Adhere to Archdiocesan Guidelines regarding Electronic/Technical Communications with Unrelated Minors/Vulnerable Adults

Regardless of the manner or method, all communication with minors/vulnerable adults must be faithful to the teachings and values of the Catholic Church. As leaders and role models, our communication with minors/vulnerable adults must respect the psychological, physical and behavioral boundaries of the minor/vulnerable adult and be appropriate to the ministerial and professional relationship.

Reporting suspected child abuse regarding Electronic/Technological communications must adhere to the same standards set forth for reporting other types of suspected child abuse.

Permission of the parent or guardian must be obtained, in writing, in order for any adult Church personnel to communicate with minors/vulnerable adults via telephone, cell phone, text messaging, email, social networks, or other electronic means.

Church personnel should never consider typed conversations that take place via electronic means (emails, social networking sites, text message, etc.) to be private and confidential.

Electronic communication between Church personnel and a minor/vulnerable adult should not be used to address/discuss confidential matters. These are to be discussed in a face to face meeting which is more appropriate and professional. Remember minors/vulnerable adults often believe that electronic communication is more private and gives them a sense of availability and anonymity. However, records

of these conversations can be obtained and accessed. These means of communications can also be saved, altered and forwarded.

☐ In order to protect the privacy of minors/vulnerable adults, permission must also be obtained, in writing, from the parent or guardian before sharing/posting pictures or videos of minors/vulnerable adults, and before sharing email, telephone numbers, or other contact information with other minors/vulnerable adults or adults who are part of the class, group or organization. At no point should you record audio or video images without permission of the parents or guardians and making the person being recorded aware.

☐ If a minor/vulnerable adult sends an inappropriate message to Church personnel, the Church personnel should not reply to it. An unedited copy of the message should be saved and the Church personnel should notify their pastor, principal or program administrator. A minor/vulnerable adult may also send a message that causes the Church personnel to have concerns for the health and safety of the minor/vulnerable adult. The Church personnel should notify parents or guardians, authorities (as needed), and their pastor, principal or program administrator in these cases.

☐ Church personnel must set appropriate boundaries around the times when phone calls will be made and electronic communications will be sent. Communications should occur during the appropriate times for ministry.

☐ Church personnel should take time to review internet safety with minors/vulnerable adults as it refers to their group.

☐ **Specific Types of communications, including, but not limited to, the following:**

☐ All will be transparent and professional in electronic/technical or written communication with minors/vulnerable adults and their families. It is expected that other adults (parents, guardians or supervisor) are included in all technological communication. Electronic/technical communication guidelines are located in the Archdiocesan Safe Environment Policy, which is available as a link on the Safe Environment page of the Archdiocesan website at www.archomaha.org.

☐ **Email, instant messaging, and text messaging**

☐ Church personnel should only communicate with minors/vulnerable adults through the use of their archdiocesan, parish, or school email address or school-sponsored platforms and information systems. If this is not available, Church personnel should create an email address dedicated for the purpose of the ministry or activity, and copy the program administrator or supervisor on all communication.

☐ In order to protect the privacy of email addresses, the blind carbon copy (BCC) feature should be used when sending an email to more than one person, including minors/vulnerable adults.

☐ If a group of minors/vulnerable adults need to be in contact with each other via email, permission must be obtained from the parent or guardian before sharing a minor/vulnerable adults' email address with other members of the group. (A youth leadership team would be one example of a situation where Church personnel may seek permission to share email addresses among group members.)

☐ Church personnel should never consider email, texting, messaging and other electronic communications to be private. Church personnel should copy another responsible adult (parent, supervisor, athletic director, principal or alternate youth ministry leader) when sending an electronic message to a minor/vulnerable adult. This action demonstrates transparency and appropriateness when communicating with minors/vulnerable adults. All electronic messages should be relevant to the ministerial/professional relationship the Church personnel has with the minor/vulnerable adult with due consideration for the age of the minor/vulnerable adult.

Video and audio calls

Church personnel should not initiate telephone or video conversations with unrelated minors/vulnerable adults that is contrary to the Archdiocesan policy on technology and virtual environments. Conversations initiated by unrelated minors/vulnerable adults should be kept short and to the point by Church personnel, and related to the professional/ministerial relationship between the Church personnel and the minor/vulnerable adult. Parents, guardians or another responsible adult should be notified when communicating in this way.

All types of social networking

Church personnel who use social networking sites to communicate with minors/vulnerable adults about their ministry should create a separate business or public profile, account and/or group for this specific use whenever possible.

Precautions should be taken to guard the privacy of anyone who has access to the page. The highest privacy settings must be used. In addition, Church personnel should encourage minors/vulnerable adults, parents and guardians who join the online community to set their privacy settings at the highest levels.

Written permission from a parent/guardian should be obtained prior to a minor/vulnerable adult's participation on a social networking site that is sponsored by a parish organization.

Minors/vulnerable adults should not be given access to the private or personal postings of Church personnel. All interactions should reflect their ministerial/professional role.

Church personnel should not post photos of minors/vulnerable adults they volunteer or work with on their personal social network pages.

Parents and guardians of minors/vulnerable adults that you volunteer or work with should not be friended on a personal social media account unless you had a prior personal relationship.

Blogs and microblogs

Blogs and microblogs used for educational or ministerial purposes should be conducted in a professional manner and the content should reflect the purpose.

It is recommended that the blog or microblog be set up so that comments are not posted until they are reviewed and approved by the owner of the blog or microblog. The practice prevents inappropriate and hurtful comments from being posted.

Personal blogs or microblogs must not be shared with minors/vulnerable adults.

Websites

Websites used to represent a parish, school or parish organizations must be owned and managed by the parish or school. Church personnel must obtain permission from the pastor, administrator or pastor's delegate to set up a web page that represents the parish or school, and include parish IT or parish/school administrators as owners of the website.

Websites may be linked to other sites. It is recommended that all persons add this statement to any site created: *"Links to other sites are provided on this site. These sites are provided for informational purposes only and are not necessarily sponsored by the parish, school or church organization."*

Videos, photographs, other images

Church personnel must obtain written permission from a parent or guardian to share a photograph or video with another party for any reason. This may be done by a permission slip to join the group or before attending an event.

Videos and photographs which are posted by electronic means with the permission of the parent or guardian, should not give identifying information about the minor/vulnerable adult (i.e., full name, addresses, birth date, etc.).

Online gaming

This recreational activity is used by peers to play games and socialize. Church personnel who work or volunteer with minors/vulnerable adults are not their peers. For this reason, Church personnel should never be involved in online gaming with unrelated minors/vulnerable adults, or engage in any personal, in-game communications with an unrelated minor/vulnerable adult.

Illegal or immoral materials

Church personnel should never access, transmit, or create materials that are illegal or immoral. These include but are not limited to pornographic, stolen, sexist or discriminatory materials. Illegal activity such as “sexting” or the transmission of illegal material must be reported immediately to the proper authorities.

All expectations regarding the reporting of suspected child abuse are in effect regardless of the method by which the information reaches Church personnel who volunteer or work with minors/vulnerable adults.

Legal/Reporting

Adhere to Nebraska state law and Archdiocesan Safe Environment policy on child abuse and neglect and mandatory reporting as presented in the Circle of Care training.

When there is reasonable cause to believe that a child has been subjected to abuse or neglect, or this activity has been observed, all shall immediately report the incident or cause a report to be made to the proper law enforcement agency.

Notify supervisor /administrator immediately. Only reasonable cause is needed to report abuse/neglect. Toll free number for the Adult & Child Abuse & Neglect Hotline: 1-800-652-1999.

Understand Pornography (legal/ illegal) is against moral teachings of the Church and is prohibited.

All are prohibited from the viewing of pornographic materials on, or taking pornographic materials onto, the property of the Archdiocese, a Parish or a School. Church personnel must not create or distribute any pornographic images. Any discovery of illegal material (child pornography) or showing pornographic images to a minor/vulnerable adult must be reported to the authorities.

Know where to find the Archdiocese’s Safe Environment policies as they pertain to working with minors/vulnerable adults in the name of the Church.

All Safe Environment policies are on the Archdiocese website at www.archomaha.org. From the archdiocesan home page, click on ‘Safe Environment’, then on ‘Safe Environment Policy’. A hard copy of the policies should also be available in parish/school offices.

Small Group Standards for Minors

1. **Requirements for Membership:** Parameters establishing who can be part of the group should be set (age, sex etc.). Parents must give written permission for their child to participate in the group. The written permission must include:
 - The goal of the group - peer group where there are discussions about everyday struggles in the context of our Catholic faith.
 - When and where it meets (over school lunches, evening youth ministry)
 - That this is not a therapy or counseling group
 - Parents will be informed of any significant struggles that are an overall concern about their child's well-being.
2. **Two Safe Environment Certified Adults:** are recommended/ best practice for groups.
 - Meeting space must have components of transparency/visibility to assure Safe Environment compliance. The group leader's supervisor must be aware if there is not a second Safe Environment certified group leader; allowing for the supervisor to check in with the group.
3. **Confidentiality:** "What you see here, what you hear here, when you leave here, let it stay here" applies except for:
 - Any disclosure of self-harm or harm to others will be discussed with parents/guardians and referred to the appropriate authorities.
 - Parents will be made aware of any significant struggles that are an overall concern for their child's well-being. Some examples may include excessive use of pornography, depression, cutting and suicidal ideation.
 - After consulting with supervisor, the leader will work with the student as the best way to engage parents in a discussion about their struggles.
4. **Commitment to Small Group Discipleship:**
 - *Intimacy:* Consistency in attendance and regular meetings will foster trust and accountability.
 - *Mutual Responsibility:* All members of the small group commit to regular attendance and are dedicated to learning.
 - *Customization:* Small group discussions ought to be relevant to each member of the small group, with each person able to bring their specific needs to the group.
 - *Accountability:* Each meeting of the small group allows members to be accountable to one another for continued growth in personal Discipleship.
5. **Small Group Leaders:** In addition to being Safe Environment Certified must:
 - Lead the group to be intentional disciples with established prayer lives who are dedicated to upholding Catholic teaching in their own lives and in the discussion of the group.
 - Must inform supervisor when and where they are meeting.
 - Must adhere to the acknowledged Safe Environment code of conduct

NOTICE: This policy is required by Nebraska law pursuant to Neb. Rev. Stat. § 79-879. This policy must be signed or otherwise acknowledged annually by each school employee.

Definitions:

“Grooming” means building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place;

“School employee” means a person nineteen years of age or older who is employed by a public, private, denominational, or parochial school approved or accredited by the State Department of Education. School employee also includes any person who is contracted with, or otherwise paid by the school or parish and who has access to or interaction with students, including all student teachers or interns.

A violation of this policy may result in revocation of a school employee’s safe environment certificate.

A violation of this policy involving sexual or other abuse will result in referral to the Department of Health and Human Services or local law enforcement.

Prohibited Activities:

All school employees are prohibited from violating professional boundaries with any student.

All school employees are prohibited from engaging in grooming behavior with any student.

All school employees are prohibited from engaging in any relationship that involves sexual behavior, contact, or sexual penetration with a student while the student is enrolled at the school and for one year after the student graduates or otherwise ceases enrollment.

The following is a non-exclusive list of actions that will be regarded as a violation of the professional/safe environment boundaries that all school employees are expected to maintain with all students. **In addition, repeatedly engaging in any of these activities or a combination of these activities with the ultimate goal of engaging in sexual behavior, contact, or sexual penetration with the student, regardless of when in the student's life the sexual behavior, contact, or sexual penetration would take place, are examples of grooming as defined in this policy and are unacceptable:**

1. Using e-mail, text messaging, social media, or other electronic means to communicate with students on any matters or subjects that do not pertain to school or school-related activities. School or school related activities include, without limitation, student homework, in class activities, virtual instruction, school sponsored sports or clubs, or any other school-sponsored activity.
2. Engaging in any kind of behavior or communication that could be reasonably construed as a sexual advance or a response in any positive manner to a student's sexual advance.
3. Being alone with a student anywhere with a closed door without a transparency plan in effect.
4. Showing a student any inappropriate or sexually suggestive material.
5. Telling jokes to a student with sexual themes or making sexually suggestive comments.
6. Invading a student's physical privacy when the school employee's duties do not require her/him to be in that location. For example, being present in a locker room when the school employee has no duty to be there.
7. "Friending" students with a personal social media account.
8. Initiating unwanted physical contact with a student.
9. Treating one student differently from other students either by providing privileges or failing to enforce school policy or impose other disciplinary action.
10. Discussing an educator's private personal matters with a student and inquiring about a student's private personal matters when there is no basis for concern about the student's health and safety.
11. Providing rides to a student in an employee's personal vehicle unless another safe-environment certified adult is present.
12. Meeting alone with a student outside of school for any reason.
13. Giving or receiving gifts to or from one student. A gift to a class or the same gift to a group of students is not prohibited.

2. An emergency situation that affects the student's immediate health or safety.

3. An unplanned chance encounter at a public place.

1. Contact the guidance counselor or school principal and ensure the student's parent or guardian is aware of your concerns.
2. Contact the student's parents or guardian if the concern does not relate to the parent or guardian.

If the Principal of the school is unavailable or is the school employee believed to have violated this policy, the school employee aware of the conduct shall report it to the Superintendent of Catholic Schools and the Archdiocesan Director of Victim Outreach and Prevention.

If any school employee has reason to suspect that another school employee is grooming a student or has repeatedly engaged in the above prohibited activities, the school employee shall report the conduct to the Principal and the Archdiocesan Director of Victim Outreach and Prevention.

After making the report to the Principal, the school employee and Principal shall co-report the grooming or repeated engagement in prohibited activities to the following:

The school employee shall provide a copy of her/his documentation of the above reports to the Principal of the School and the Archdiocesan Director of Victim Outreach and Prevention. The Principal shall keep such reports electronically or in hard copy so that they are readily available to any investigative authority.

Relationship to Omaha Archdiocesan Safe Environment Policies:

This policy does not alter or replace the Omaha Archdiocesan Safe Environment Policies which remain in effect and are applicable to school employees.

NOTICE: Nothing in this policy should be construed to replace or alter a school employee's legal obligation to report suspected child abuse or neglect pursuant to Neb. Rev. Stat. § 28-711.

Reprisal or retaliation for good faith reports made by students or school employees is strictly prohibited.

Reporting Suspected/Alleged Child Abuse/Neglect

- I. *Reporting of Suspected Child Abuse and/or Neglect*
- II. *Guidelines and Reporting Form to the Authorities*
- III. *Authority's Request for Information Form*
- IV. *Parish/ School Checklist Form*
- V. *The Child Abuse Statutes*
- VI. *Definitions/Indicators of Child Abuse/Neglect*

Report of Suspected Child Abuse/Neglect Form:

When there is reasonable cause to believe Child Abuse/Neglect has occurred the law mandates a referral to the authorities. A prompt **verbal report** needs to occur to either Child Protective Services (CPS) (1-800-652-1999) or your local Law Enforcement agency. This “**Report of Suspected/Alleged Child Abuse/Neglect**” form can be used for your written report and for your own documentation. (Statute 28-711) Keep in mind that if the child has physical indications/injuries or there are immediate safety issues, law enforcement (not CPS) has the authority to take immediate protective custody if necessary and must be contacted. Below are some key points to consider when making a report:

Although the law requires that you report to CPS or law enforcement, there are advantages to reporting to law enforcement when there are immediate safety issues such as injury or sexual abuse concerns.

When making a verbal report, the authorities may ask you questions that you are unable to answer. These questions are for their assessment and they realize that you may not have all the answers.

It is important to ask the authorities what the next step is in the investigation. It is important to get direction from them as to how they want to handle the notification of parents and others. Many times, law enforcement personnel do not want you to discuss the referral with others until they arrive at the school/parish.

An authority (CPS or law enforcement) may request records/written documentation in addition or in place of the written form. The authority would need to fill out a release of information form (**see Request for Information form**), documenting the current investigation and the need for further records.

Guidelines for Completing the Reporting Form:

Fill out the form as completely as possible. There may be some information you do not know. If this is the case, indicate “unknown” in the space.

See the definitions of Child Abuse/Neglect to assist you in identifying the appropriate category of suspected abuse. There may be many reasons for the behavioral indicators other than Child Abuse/Neglect. It is important to note that physical/behavioral indicators are most helpful when there is a current concern regarding Child Abuse/Neglect.

DOB: is Date of Birth

Relevant Past History: include any pertinent information related to the concern such as past reports of abuse/neglect, learning, or attendance concerns.

Present agencies involved: include any pertinent information such as counseling, tutoring, or prior CPS involvement.

Observations: Document all of your observations. It is important to be as objective as possible. An example might be: “child’s clothing was torn, stained and had a foul odor” as opposed to “the child was dirty”. Write in a way that gives a visual image of what you observed. This allows the authorities to draw their own opinion.

Add an additional page if needed. This report is also for your documentation.

Remember that *reporters are immune from liability provided they do not make maliciously false statements* (Statute 28-716) and a person can be *prosecuted if he/she fails to report a known abuse*. (Statute 28-717).

United States Conference of Catholic Bishops

The revised *Charter for the Protection of Children and Young People* was developed by the Ad Hoc Committee for Sexual Abuse of the United States Conference of Catholic Bishops (USCCB). The revised *Essential Norms for Diocesan/Eparchial Policies Dealing with Allegations of Sexual Abuse of Minors by Priests or Deacons* was developed by the Ad Hoc Committee on Sexual Abuse of the USCCB and by the Vatican-U.S. Bishops' Mixed Commission on Sex Abuse Norms. They were approved by the full body of bishops at its June 2005 General Meeting, received the subsequent *recognitio* of the Holy See on January 1, 2006, and were promulgated May 5, 2006. The revised *Statement of Episcopal Commitment* was developed by the Ad Hoc Committee on Bishops' Life and Ministry of the USCCB. It was approved by the full body of U.S. Catholic bishops at its November 2005 Plenary Assembly and then again in 2011 and 2018. This revised edition, containing all three documents, is authorized for publication by the undersigned.

Charter for the Protection of Children and Young People

Preamble

Since 2002, the Church in the United States has experienced a crisis without precedent in our times. The sexual abuse¹ of children and young people by some deacons, priests, and bishops, and the ways in which these crimes and sins were addressed, have caused enormous pain, anger, and confusion for victims, their families, and the entire Church. As bishops, we have acknowledged our mistakes and our roles in that suffering, and we apologize and take responsibility again for too often failing victims and the Catholic people in the past. From the depths of our hearts, we bishops express great sorrow and profound regret for what the Catholic people have endured.

We share Pope Francis' "conviction that everything possible must be done to rid the Church of the scourge of the sexual abuse of minors and to open pathways of reconciliation and healing for those who were abused" (Letter of His Holiness Pope Francis to the Presidents of the Episcopal Conferences and Superiors of Institutes of Consecrated Life and Societies of Apostolic Life Concerning the Pontifical Commission for the Protection of Minors, February 2, 2015).

Again, with this 2018 revision of the *Charter for the Protection of Children and Young People*, we re-affirm our deep commitment to sustain and strengthen a safe environment within the Church for children and youth. We have listened to the profound pain and suffering of those victimized by sexual abuse and will continue to respond to their cries. We have agonized over the sinfulness, the criminality, and the breach of trust perpetrated by some members of the clergy. We have determined as best we can the extent of the problem of this abuse of minors by clergy in our country, as well as its causes and context. We will use what we have learned to strengthen the protection given to the children and young people in our care.

We continue to have a special care for and a commitment to reaching out to the victims of sexual abuse and their families. The damage caused by sexual abuse of minors is devastating and longlasting. We apologize to each victim for the grave harm that has been inflicted on him or her, and we offer our help now and for the future. The loss of trust that is often the consequence of such abuse becomes even more tragic when it leads to a loss of the faith that we have a sacred duty to foster. We make our own the words of St. John Paul II: that the sexual abuse of young people is "by every standard wrong and rightly considered a crime by society; it is also an appalling sin in the eyes of God" (Address to the Cardinals of the United States and Conference Officers, April 23, 2002). We will continue to help victims recover from these crimes and strive to prevent these tragedies from occurring.

Along with the victims and their families, the entire Catholic community in this country has suffered because of this scandal and its consequences. The intense public scrutiny of the minority of the ordained who have betrayed their calling has caused the vast majority of faithful priests and deacons to experience enormous vulnerability to being misunderstood in their ministry and often casts over them an undeserved air of suspicion. We share with all priests and deacons a firm commitment to renewing the integrity of the vocation to Holy Orders so that it will continue to be perceived as a life of service to others after the example of Christ our Lord.

We, who have been given the responsibility of shepherding God's people, will, with his help and in full collaboration with all the faithful, continue to work to restore the bonds of trust that unite us. We have seen that words alone cannot accomplish this goal. We will continue to take action in our Plenary Assembly and at home in our dioceses and eparchies.

We feel a particular responsibility for "the ministry of reconciliation" (2 Cor 5:18) which God, who reconciled us to himself through Christ, has given us. The love of Christ impels us to ask forgiveness for our own faults but also to appeal to all—to those who have been victimized, to those who have offended, and to all who have felt the wound of this scandal—to be reconciled to God and one another.

Perhaps in a way never before experienced, we feel the power of sin touch our entire Church family in this country; but as St. Paul boldly says, God made Christ "to be sin who did not know sin, so that we might become the righteousness of God in him" (2 Cor 5:21). May we who have known sin experience as well, through a spirit of reconciliation, God's own righteousness. We know that after such profound hurt, healing and reconciliation are beyond human capacity alone. It is God's grace and mercy that will lead us forward, trusting Christ's promise: "for God all things are possible" (Mt 19:26).

In working toward fulfilling this responsibility, we rely, first of all, on Almighty God to sustain us in faith and in the discernment of the right course to take.

We receive fraternal guidance and support from the Holy See that sustains us in this time of trial. In solidarity with Pope Francis, we express heartfelt love and sorrow for the victims of abuse.

We rely on the Catholic faithful of the United States. Nationally and in each diocese/eparchy, the wisdom and expertise of clergy, religious, and laity contribute immensely to confronting the effects of the crisis and taking steps to resolve it. We are filled with gratitude for their great faith, for their generosity, and for the spiritual and moral support that we receive from them.

We acknowledge and re-affirm the faithful service of the vast majority of our priests and deacons and the love that people have for them. They deservedly have our esteem and that of the Catholic people for their good work. It is regrettable that their committed ministerial witness has been overshadowed by this crisis.

In a special way, we acknowledge and thank victims of clergy sexual abuse and their families who have trusted us enough to share their stories and to help us understand more fully the consequences of this reprehensible violation of sacred trust. With Pope Francis, we praise the courage of those who speak out about their abuse; their actions are “a service of love, since for us it sheds light on a terrible darkness in the life of the Church.” We pray that “the remnants of the darkness which touch them may be healed” (Address to Victims of Sexual Abuse, July 7, 2014).

Let there now be no doubt or confusion on anyone’s part: For us, your bishops, our obligation to protect children and young people and to prevent sexual abuse flows from the mission and example given to us by Jesus Christ himself, in whose name we serve.

As we work to restore trust, we are reminded how Jesus showed constant care for the vulnerable. He inaugurated his ministry with these words of the Prophet Isaiah:

The Spirit of the Lord is upon me,
because he has anointed me to bring glad
tidings to the poor.
He has sent me to proclaim liberty to captives
and recovery of sight to the blind,
to let the oppressed go free,
and to proclaim a year acceptable to the Lord. (Lk 4:18-19)

In Matthew 25, the Lord, in his commission to his apostles and disciples, told them that whenever they show mercy and compassion to the least ones, they show it to him.

Jesus extended this care in a tender and urgent way to children, rebuking his disciples for keeping them away from him: “Let the children come to me” (Mt 19:14). And he uttered a grave warning that for anyone who would lead the little ones astray, it would be better for such a person “to have a great millstone hung around his neck and to be drowned in the depths of the sea” (Mt 18:6).

We hear these words of the Lord as prophetic for this moment. With a firm determination to restore the bonds of trust, we bishops recommit ourselves to a continual pastoral outreach to repair the breach with those who have suffered sexual abuse and with all the people of the Church.

In this spirit, over the last sixteen years, the principles and procedures of the *Charter* have been integrated into church life.

- The Secretariat of Child and Youth Protection provides the focus for a consistent, ongoing, and comprehensive approach to creating a safe environment for young people throughout the Church in the United States.
- The Secretariat also provides the means for us to be accountable for achieving the goals of the *Charter*, as demonstrated by its annual reports on the implementation of the *Charter* based on independent compliance audits.
- The National Review Board is carrying on its responsibility to assist in the assessment of diocesan/eparchial compliance with the *Charter for the Protection of Children and Young People*.
- The descriptive study of the nature and scope of sexual abuse of minors by Catholic clergy in the United States, commissioned by the National Review Board, was completed in February 2004. The resulting study, examining the historical period 1950-2002, by the John Jay College of Criminal Justice provides us with a powerful tool not only to examine our past but also to secure our future against such misconduct.
- The U.S. bishops charged the National Review Board to oversee the completion of the *Causes and Context* study. The Study, which calls for ongoing education, situational prevention, and oversight and accountability, was completed in 2011.
- Victims' assistance coordinators are in place throughout our nation to assist dioceses and eparchies in responding to the pastoral needs of the abused.

- Diocesan/eparchial bishops in every diocese/eparchy are advised and greatly assisted by diocesan and eparchial review boards as the bishops make the decisions needed to fulfill the *Charter*.
- Safe environment programs are in place to assist parents and children—and those who work with children—in preventing harm to young people. These programs continually seek to incorporate the most useful developments in the field of child protection.

Through these steps and many others, we remain committed to the safety of our children and young people.

While the number of reported cases of sexual abuse has decreased over the last sixteen years, the harmful effects of this abuse continue to be experienced both by victims and dioceses/eparchies.

Thus it is with a vivid sense of the effort which is still needed to confront the effects of this crisis fully and with the wisdom gained by the experience of the last sixteen years that we have reviewed and revised the *Charter for the Protection of Children and Young People*. We now reaffirm that we will assist in the healing of those who have been injured, will do all in our power to protect children and young people, and will work with our clergy, religious, and laity to restore trust and harmony in our faith communities, as we pray for the Kingdom of God to come, here on earth, as it is in heaven.

To make effective our goals of a safe environment within the Church for children and young people and of preventing sexual abuse of minors by clergy in the future, we, the members of the United States Conference of Catholic Bishops, have outlined in this *Charter* a series of practical and pastoral steps, and we commit ourselves to taking them in our dioceses and eparchies.

To Promote Healing and Reconciliation with Victims/Survivors of Sexual Abuse of Minors

ARTICLE 1. Dioceses/eparchies are to reach out to victims/survivors and their families and demonstrate a sincere commitment to their spiritual and emotional well-being. The first obligation of the Church with regard to the victims is for healing and reconciliation. Each diocese/eparchy is to continue its outreach to every person who has been the victim of sexual abuse as a minor by anyone in church service, whether the abuse was recent or occurred many years in the past. This outreach may include provision of counseling, spiritual assistance, support groups, and other social services agreed upon by the victim and the diocese/eparchy.

Through pastoral outreach to victims and their families, the diocesan/eparchial bishop or his representative is to offer to meet with them, to listen with patience and compassion to their experiences and concerns, and to share the “profound sense of solidarity and concern” expressed by St. John Paul II, in his Address to the Cardinals of the United States and Conference Officers (April 23, 2002). Pope Benedict XVI, too, in his address to the U.S. bishops in 2008 said of the clergy sexual abuse crisis, “It is your God-given responsibility as pastors to bind up the wounds caused by every breach of trust, to foster healing, to promote reconciliation and to reach out with loving concern to those so seriously wronged.”

We bishops and eparchs commit ourselves to work as one with our brother priests and deacons to foster reconciliation among all people in our dioceses/eparchies. We especially commit ourselves to work with those individuals who were themselves abused and the communities that have suffered because of the sexual abuse of minors that occurred in their midst.

ARTICLE 2. Dioceses/eparchies are to have policies and procedures in place to respond promptly to any allegation where there is reason to believe that sexual abuse of a minor has occurred. Dioceses/eparchies are to have a competent person or persons to coordinate assistance for the immediate pastoral care of persons who report having been sexually abused as minors by clergy or other church personnel. The procedures for those making a complaint are to be readily available in printed form and other media in the principal languages in which the liturgy is celebrated in the diocese/eparchy and be the subject of public announcements at least annually.

Dioceses/eparchies are also to have a review board that functions as a confidential consultative body to the bishop/eparch. The majority of its members are to be lay persons not in the employ of the diocese/eparchy (see Norm 5 in *Essential Norms for Diocesan/Eparchial Policies Dealing with Allegations of Sexual Abuse of Minors by Priests or Deacons*, 2006). This board is to advise the diocesan/eparchial bishop in his assessment of allegations of sexual abuse of minors and in his determination of a cleric’s suitability for ministry. It is regularly to review diocesan/eparchial policies and procedures for dealing with sexual abuse of minors. Also, the board can review these matters both retrospectively and prospectively and give advice on all aspects of responses in connection with these cases.

ARTICLE 3. Dioceses/eparchies are not to enter into settlements which bind the parties to confidentiality, unless the victim/survivor requests confidentiality and this request is noted in the text of the agreement.

To Guarantee an Effective Response to Allegations of Sexual Abuse of Minors

ARTICLE 4. Dioceses/eparchies are to report an allegation of sexual abuse of a person who is a minor to the public authorities with due regard for the seal of the Sacrament of Penance. Diocesan/eparchial personnel are to comply with all applicable civil laws with respect to the reporting of allegations of sexual abuse of minors to civil authorities and cooperate in their investigation in accord with the law of the jurisdiction in question.

Dioceses/eparchies are to cooperate with public authorities about reporting cases even when the person is no longer a minor.

In every instance, dioceses/eparchies are to advise victims of their right to make a report to public authorities and support this right.

ARTICLE 5. We affirm the words of St. John Paul II, in his Address to the Cardinals of the United States and Conference Officers: “There is no place in the priesthood or religious life for those who would harm the young.” Pope Francis has consistently reiterated this with victims of clergy sexual abuse.

Sexual abuse of a minor by a cleric is a crime in the universal law of the Church (CIC, c. 1395 §2; CCEO, c. 1453 §1). Because of the seriousness of this matter, jurisdiction has been reserved to the Congregation for the Doctrine of the Faith (*Motu proprio Sacramentorum sanctitatis tutela*, AAS 93, 2001). Sexual abuse of a minor is also a crime in all civil jurisdictions in the United States.

Diocesan/eparchial policy is to provide that for even a single act of sexual abuse of a minor—whenever it occurred—which is admitted or established after an appropriate process in accord with canon law, the offending priest or deacon is to be permanently removed from ministry and, if warranted, dismissed from the clerical state. In keeping with the stated purpose of this *Charter*, an offending priest or deacon is to be offered therapeutic professional assistance both for the purpose of prevention and also for his own healing and well-being.

The diocesan/eparchial bishop is to exercise his power of governance, within the parameters of the universal law of the Church, to ensure that any priest or deacon subject to his governance who has committed even one act of sexual abuse of a minor as described below (see notes) shall not continue in ministry.

A priest or deacon who is accused of sexual abuse of a minor is to be accorded the presumption of innocence during the investigation of the allegation and all appropriate steps are to be taken to protect his reputation. He is to be encouraged to retain the assistance of civil and canonical counsel. If the allegation is deemed not substantiated, every step possible is to be taken to restore his good name, should it have been harmed.

In fulfilling this article, dioceses/eparchies are to follow the requirements of the universal law of the Church and of the *Essential Norms* approved for the United States.

ARTICLE 6. There are to be clear and well publicized diocesan/eparchial standards of ministerial behavior and appropriate boundaries for clergy and for any other paid personnel and volunteers of the Church with regard to their contact with minors.

ARTICLE 7. Dioceses/eparchies are to be open and transparent in communicating with the public about sexual abuse of minors by clergy within the confines of respect for the privacy and the reputation of the individuals involved. This is especially so with regard to informing parish and other church communities directly affected by sexual abuse of a minor.

To Ensure the Accountability of Our Procedures

ARTICLE 8. The Committee on the Protection of Children and Young People is a standing committee of the United States Conference of Catholic Bishops. Its membership is to include representation from all the episcopal regions of the country, with new appointments staggered to maintain continuity in the effort to protect children and youth.

The Committee is to advise the USCCB on all matters related to child and youth protection and is to oversee the development of the plans, programs, and budget of the Secretariat of Child and Youth Protection. It is to provide the USCCB with comprehensive planning and recommendations concerning child and youth protection by coordinating the efforts of the Secretariat and the National Review Board.

ARTICLE 9. The Secretariat of Child and Youth Protection, established by the Conference of Catholic Bishops, is to staff the Committee on the Protection of Children and Young People and be a resource for dioceses/eparchies for the implementation of “safe environment” programs and for suggested training and development of diocesan personnel responsible for child and youth protection programs, taking into account the financial and other resources, as well as the population, area, and demographics of the diocese/eparchy.

The Secretariat is to produce an annual public report on the progress made in implementing and maintaining the standards in this *Charter*. The report is to be based on an annual audit process whose method, scope, and cost are to be approved by the Administrative Committee on the recommendation of the Committee on the Protection of Children and Young People. This public report is to include the names of those dioceses/eparchies which the audit shows are not in compliance with the provisions and expectations of the *Charter*. The audit method refers to the process and techniques used to determine compliance with the *Charter*. The audit scope relates to the focus, parameters, and time period for the matters to be examined during an individual audit.

As a member of the Conference staff, the Executive Director of the Secretariat is appointed by and reports to the General Secretary. The Executive Director is to provide the Committee on the Protection of Children and Young People and the National Review Board with regular reports of the Secretariat's activities.

ARTICLE 10. The whole Church, at both the diocesan/eparchial and national levels, must be engaged in maintaining safe environments in the Church for children and young people.

The Committee on the Protection of Children and Young People is to be assisted by the National Review Board, a consultative body established in 2002 by the USCCB. The Board will review the annual report of the Secretariat of Child and Youth Protection on the implementation of this *Charter* in each diocese/eparchy and any recommendations that emerge from it, and offer its own assessment regarding its approval and publication to the Conference President.

The Board will also advise the Conference President on future members. The Board members are appointed by the Conference President in consultation with the Administrative Committee and are accountable to him and to the USCCB Executive Committee. Before a candidate is contacted, the Conference President is to seek and obtain, in writing, the endorsement of the candidate's diocesan bishop. The Board is to operate in accord with the statutes and bylaws of the USCCB and within procedural guidelines developed by the Board in consultation with the Committee on the Protection of Children and Young People and approved by the USCCB Administrative Committee. These guidelines set forth such matters as the Board's purpose and responsibility, officers, terms of office, and frequency of reports to the Conference President on its activities.

The Board will offer its advice as it collaborates with the Committee on the Protection of Children and Young People on matters of child and youth protection, specifically on policies and best practices. For example, the Board will continue to monitor the recommendations derived from the *Causes and Context* study. The Board and Committee on the Protection of Children and Young People will meet jointly every year.

The Board will review the work of the Secretariat of Child and Youth Protection and make recommendations to the Executive Director. It will assist the Executive Director in the development of resources for dioceses.

ARTICLE 11. The President of the Conference is to inform the Holy See of this revised *Charter* to indicate the manner in which we, the Catholic bishops, together with the entire Church in the United States, intend to continue our commitment to the protection of children and young people. The President is also to share with the Holy See the annual reports on the implementation of the *Charter*.

To Protect the Faithful in the Future

ARTICLE 12. Dioceses/eparchies are to maintain “safe environment” programs which the diocesan/eparchial bishop deems to be in accord with Catholic moral principles. They are to be conducted cooperatively with parents, civil authorities, educators, and community organizations to provide education and training for minors, parents, ministers, employees, volunteers, and others about ways to sustain and foster a safe environment for minors. Dioceses/eparchies are to make clear to clergy and all members of the community the standards of conduct for clergy and other persons with regard to their contact with minors.

ARTICLE 13. The diocesan/eparchial bishop is to evaluate the background of all incardinated priests and deacons. When a priest or deacon, not incardinated in the diocese/eparchy, is to engage in ministry in the diocese/eparchy, regardless of the length of time, the evaluation of his background may be satisfied through a written attestation of suitability for ministry supplied by his proper ordinary/major superior to the diocese/eparchy. Dioceses/eparchies are to evaluate the background of all their respective diocesan/eparchial and parish/school or other paid personnel and volunteers whose duties include contact with minors. Specifically, they are to utilize the resources of law enforcement and other community agencies. Each diocese/eparchy is to determine the application/renewal of background checks according to local practice. In addition, they are to employ adequate screening and evaluative techniques in deciding the fitness of candidates for ordination (see USCCB, *Program of Priestly Formation* [Fifth Edition], 2006, no. 39 and the National Directory for the Formation, Ministry and Life of Permanent Deacons in the United States, n.178 j).²

ARTICLE 14. Transfers of all priests and deacons who have committed an act of sexual abuse against a minor for residence, including retirement, shall be in accord with Norm 12 of the

Essential Norms (see Proposed Guidelines on the Transfer or Assignment of Clergy and *Religious*, adopted by the USCCB, the Conference of Major Superiors of Men [CMSM], the Leadership Conference of Women Religious [LCWR], and the Council of Major Superiors of Women Religious [CMSWR] in 1993).

ARTICLE 15. To ensure continuing collaboration and mutuality of effort in the protection of children and young people on the part of the bishops and religious ordinaries, two representatives of the Conference of Major Superiors of Men are to serve as consultants to the Committee on the Protection of Children and Young People. At the invitation of the Major Superiors, the Committee will designate two of its members to consult with its counterpart at CMSM. Diocesan/eparchial bishops and major superiors of clerical institutes or their delegates are to meet periodically to coordinate their roles concerning the issue of allegations made against a cleric member of a religious institute ministering in a diocese/eparchy.

ARTICLE 16. Given the extent of the problem of the sexual abuse of minors in our society, we are willing to cooperate with other churches and ecclesial communities, other religious bodies, institutions of learning, and other interested organizations in conducting research in this area.

ARTICLE 17. We commit ourselves to work individually in our dioceses/eparchies and together as a Conference, through the appropriate committees, to strengthen our programs both for initial priestly and diaconal formation and their ongoing formation. With renewed urgency, we will promote programs of human formation for chastity and celibacy for both seminarians and priests based upon the criteria found in *Pastores dabo vobis*, no. 50, the *Program of Priestly Formation*, and the *Basic Plan for the Ongoing Formation of Priests*, as well as similar, appropriate programs for deacons based upon the criteria found in the *National Directory for the Formation, Ministry and Life of Permanent Deacons in the United States*. We will continue to assist priests, deacons, and seminarians in living out their vocation in faithful and integral ways.

Conclusion

As we wrote in 2002, “It is within this context of the essential soundness of the priesthood and of the deep faith of our brothers and sisters in the Church that we know that we can meet and resolve this crisis for now and the future.”

We reaffirm that the vast majority of priests and deacons serve their people faithfully and that they have their esteem and affection. They also have our respect and support and our commitment to their good names and well-being.

An essential means of dealing with the crisis is prayer for healing and reconciliation, and acts of reparation for the grave offense to God and the deep wound inflicted upon his holy people. Closely connected to prayer and acts of reparation is the call to holiness of life and the care of the diocesan/eparchial bishop to ensure that he and his priests and deacons avail themselves of the proven ways of avoiding sin and growing in holiness of life.

It is with reliance on the grace of God and in a spirit of prayer and penance that we renew the pledges which we made in the 2002 *Charter*.

We pledge most solemnly to one another and to you, God's people, that we will work to our utmost for the protection of children and youth.

We pledge that we will devote to this goal the resources and personnel necessary to accomplish it.

We pledge that we will do our best to ordain to the diaconate and priesthood and put into positions of trust only those who share this commitment to protecting children and youth.

We pledge that we will work toward healing and reconciliation for those sexually abused by clerics.

Much has been done to honor these pledges. We devoutly pray that God who has begun this good work in us will bring it to fulfillment.

This *Charter* is published for the dioceses/eparchies of the United States. It is to be reviewed again after seven years by the Committee on the Protection of Children and Young People with the advice of the National Review Board. The results of this review are to be presented to the full Conference of Bishops for confirmation. Authoritative interpretations of its provisions are reserved to the Conference of Bishops.

NOTES

1 For purposes of this *Charter*, the offense of sexual abuse of a minor will be understood in accord with the provisions of *Sacramentorum sanctitatis tutela* (SST), article 6, which reads:

§1. The more grave delicts against morals which are reserved to the Congregation for the Doctrine of the Faith are:

1° the delict against the sixth commandment of the Decalogue committed by a cleric with a minor below the age of eighteen years; in this case, a person who habitually lacks the use of reason is to be considered equivalent to a minor.

2° the acquisition, possession, or distribution by a cleric of pornographic images of minors under the age of fourteen, for purposes of sexual gratification, by whatever means or using whatever technology;

§2. A cleric who commits the delicts mentioned above in §1 is to be punished according to the gravity of his crime, not excluding dismissal or deposition.

In view of the Circular Letter from the Congregation for the Doctrine of the Faith, dated May 3, 2011, which calls for “mak[ing] allowance for the legislation of the country where the Conference is located,” Section III(g), we will apply the federal legal age for defining child pornography, which includes pornographic images of minors under the age of eighteen, for assessing a cleric’s suitability for ministry and for complying with civil reporting statutes.

If there is any doubt whether a specific act qualifies as an external, objectively grave violation, the writings of recognized moral theologians should be consulted, and the opinions of recognized experts should be appropriately obtained (*Canonical Delicts Involving Sexual Misconduct and Dismissal from the Clerical State*, 1995, p. 6). Ultimately, it is the responsibility of the diocesan bishop/eparch, with the advice of a qualified review board, to determine the gravity of the alleged act.

- 2 In 2009, after consultation with members of the USCCB Committee on the Protection of Children and Young People and the Conference of Major Superiors of Men and approval from the USCCB Committee on Canonical Affairs and Church Governance, additional Model Letters of Suitability, now available on the USCCB website, were agreed upon and published for use by bishops and major superiors in situations which involve both temporary and extended ministry for clerics.

Preamble

On June 14, 2002, the United States Conference of Catholic Bishops approved a Charter for the Protection of Children and Young People. The charter addresses the Church's commitment to deal appropriately and effectively with cases of sexual abuse of minors by priests, deacons, and other church personnel (i.e., employees and volunteers). The bishops of the United States have promised to reach out to those who have been sexually abused as minors by anyone serving the Church in ministry, employment, or a volunteer position, whether the sexual abuse was recent or occurred many years ago. They stated that they would be as open as possible with the people in parishes and communities about instances of sexual abuse of minors, with respect always for the privacy and the reputation of the individuals involved. They have committed themselves to the pastoral and spiritual care and emotional well-being of those who have been sexually abused and of their families.

In addition, the bishops will work with parents, civil authorities, educators, and various organizations in the community to make and maintain the safest environment for minors. In the same way, the bishops have pledged to evaluate the background of seminary applicants as well as all church personnel who have responsibility for the care and supervision of children and young people.

Therefore, to ensure that each diocese/eparchy in the United States of America will have procedures in place to respond promptly to all allegations of sexual abuse of minors, the United States Conference of Catholic Bishops decrees these norms for diocesan/eparchial policies dealing with allegations of sexual abuse of minors by diocesan and religious priests or deacons.¹ These norms are complementary to the universal law of the Church and are to be interpreted in accordance with that law. The Church has traditionally considered the sexual abuse of minors a grave delict and punishes the offender with penalties, not excluding dismissal from the clerical state if the case so warrants.

For purposes of these Norms, sexual abuse shall include any offense by a cleric against the Sixth Commandment of the Decalogue with a minor as understood in CIC, canon 1395 §2, and CCEO, canon 1453 §1 (*Sacramentorum sanctitatis tutela*, article 6 §1).²

Norms

1. These Essential Norms have been granted *recognitio* by the Holy See. Having been legitimately promulgated in accordance with the practice of the United States Conference of Catholic Bishops on May 5, 2006, they constitute particular law for all the dioceses/eparchies of the United States of America.³

2. Each diocese/eparchy will have a written policy on the sexual abuse of minors by priests and deacons, as well as by other church personnel. This policy is to comply fully with, and is to specify in more detail, the steps to be taken in implementing the requirements of canon law, particularly CIC, canons 1717-1719, and CCEO, canons 1468-1470. A copy of this policy will be filed with the United States Conference of Catholic Bishops within three months of the effective date of these norms. Copies of any eventual revisions of the written diocesan/eparchial policy are also to be filed with the United States Conference of Catholic Bishops within three months of such modifications.

3. Each diocese/eparchy will designate a competent person to coordinate assistance for the immediate pastoral care of persons who claim to have been sexually abused when they were minors by priests or deacons.

4. To assist diocesan/eparchial bishops, each diocese/eparchy will also have a review board which will function as a confidential consultative body to the bishop/eparch in discharging his responsibilities. The functions of this board may include

- a.** advising the diocesan bishop/eparch in his assessment of allegations of sexual abuse of minors and in his determination of suitability for ministry;
- b.** reviewing diocesan/eparchial policies for dealing with sexual abuse of minors; and
- c.** offering advice on all aspects of these cases, whether retrospectively or prospectively.

5. The review board, established by the diocesan/eparchial bishop, will be composed of at least five persons of outstanding integrity and good judgment in full communion with the Church. The majority of the review board members will be lay persons who are not in the employ of the diocese/eparchy; but at least one member should be a priest who is an experienced and respected pastor of the diocese/eparchy in question, and at least one member should have particular expertise in the treatment of the sexual abuse of minors. The members will be appointed for a term of five years, which can be renewed. It is desirable that the Promoter of Justice participate in the meetings of the review board.

6. When an allegation of sexual abuse of a minor by a priest or deacon is received, a preliminary investigation in accordance with canon law will be initiated and conducted promptly and objectively (CIC, c. 1717; CCEO, c. 1468). During the investigation the accused enjoys the presumption of innocence, and all appropriate steps shall be taken to protect his reputation. The accused will be encouraged to retain the assistance of civil and canonical counsel and will be promptly notified of the results of the investigation. When there is sufficient evidence that sexual abuse of a minor has occurred, the Congregation of the Doctrine of the Faith shall be notified. The bishop/eparch shall then apply the precautionary measures mentioned in CIC, canon 1722, or CCEO, canon 1473—i.e., withdraw the accused from exercising the sacred ministry or any ecclesiastical office or function, impose or prohibit residence in a given place or territory, and prohibit public participation in the Most Holy Eucharist pending the outcome of the process.⁴

7. The alleged offender may be requested to seek, and may be urged voluntarily to comply with, an appropriate medical and psychological evaluation at a facility mutually acceptable to the diocese/eparchy and to the accused.

8. When even a single act of sexual abuse by a priest or deacon is admitted or is established after an appropriate process in accord with canon law, the offending priest or deacon will be removed permanently from ecclesiastical ministry, not excluding dismissal from the clerical state, if the case so warrants (SST, Art. 6; CIC, c. 1395 §2; CCEO, c. 1453 §1).⁵

- a. In every case involving canonical penalties, the processes provided for in canon law must be observed, and the various provisions of canon law must be considered (cf. *Canonical Delicts Involving Sexual Misconduct and Dismissal from the Clerical State*, 1995; Letter from the Congregation for the Doctrine of the Faith, May 18, 2001). Unless the Congregation for the Doctrine of the Faith, having been notified, calls the case to itself because of special circumstances, it will direct the diocesan bishop/eparch to proceed (Article 13, “Procedural Norms” for *Motu proprio Sacramentorum sanctitatis tutela*, AAS, 93, 2001, p. 787). If the case would otherwise be barred by prescription, because sexual abuse of a minor is a grave offense, the bishop/eparch may apply to the Congregation for the Doctrine of the Faith for a derogation from the prescription, while indicating relevant grave reasons. For the sake of canonical due process, the accused is to be encouraged to retain the assistance of civil and canonical counsel. When

necessary, the diocese/eparchy will supply canonical counsel to a priest. The provisions of CIC, canon 1722, or CCEO, canon 1473, shall be implemented during the pendency of the penal process.

- b.** If the penalty of dismissal from the clerical state has not been applied (e.g., for reasons of advanced age or infirmity), the offender ought to lead a life of prayer and penance. He will not be permitted to celebrate Mass publicly or to administer the sacraments. He is to be instructed not to wear clerical garb, or to present himself publicly as a priest.

9. At all times, the diocesan bishop/eparch has the executive power of governance, within the parameters of the universal law of the Church, through an administrative act, to remove an offending cleric from office, to remove or restrict his faculties, and to limit his exercise of priestly ministry.⁶ Because sexual abuse of a minor by a cleric is a crime in the universal law of the Church (CIC, c. 1395 §2; CCEO, c. 1453 §1) and is a crime in all civil jurisdictions in the United States, for the sake of the common good and observing the provisions of canon law, the diocesan bishop/eparch shall exercise this power of governance to ensure that any priest or deacon who has committed even one act of sexual abuse of a minor as described above shall not continue in active ministry.⁷

10. The priest or deacon may at any time request a dispensation from the obligations of the clerical state. In exceptional cases, the bishop/eparch may request of the Holy Father the dismissal of the priest or deacon from the clerical state *ex officio*, even without the consent of the priest or deacon.

11. The diocese/eparchy will comply with all applicable civil laws with respect to the reporting of allegations of sexual abuse of minors to civil authorities and will cooperate in their investigation. In every instance, the diocese/eparchy will advise and support a person's right to make a report to public authorities.⁸

12. No priest or deacon who has committed an act of sexual abuse of a minor may be transferred for a ministerial assignment in another diocese/eparchy. Every bishop/eparch who receives a priest or deacon from outside his jurisdiction will obtain the necessary information regarding any past act of sexual abuse of a minor by the priest or deacon in question.

Before such a diocesan/eparchial priest or deacon can be transferred for residence to another diocese/eparchy, his diocesan/eparchial bishop shall forward, in a confidential manner, to the bishop of the proposed place of residence any and all information concerning any act of sexual abuse of a minor and any other information indicating that he has been or may be a danger to children or young people.

In the case of the assignment for residence of such a clerical member of an institute or a society into a local community within a diocese/eparchy, the major superior shall inform the diocesan/eparchial bishop and share with him in a manner respecting the limitations of confidentiality found in canon and civil law all information concerning any act of sexual abuse of a minor and any other information indicating that he has been or may be a danger to children or young people so that the bishop/eparch can make an informed judgment that suitable safeguards are in place for the protection of children and young people. This will be done with due recognition of the legitimate authority of the bishop/eparch; of the provisions of CIC, canon 678 (CCEO, canons 415 §1 and 554 §2), and of CIC, canon 679; and of the autonomy of the religious life (CIC, c. 586).

13. Care will always be taken to protect the rights of all parties involved, particularly those of the person claiming to have been sexually abused and of the person against whom the charge has been made. When an accusation has been shown to be unfounded, every step possible will be taken to restore the good name of the person falsely accused.

NOTES

- 1 These Norms constitute particular law for the dioceses, eparchies, clerical religious institutes, and societies of apostolic life of the United States with respect to all priests and deacons in the ecclesiastical ministry of the Church in the United States. When a major superior of a clerical religious institute or society of apostolic life applies and interprets them for the internal life and governance of the institute or society, he has the obligation to do so according to the universal law of the Church and the proper law of the institute or society.
- 2 If there is any doubt whether a specific act qualifies as an external, objectively grave violation, the writings of recognized moral theologians should be consulted, and the opinions of recognized experts should be appropriately obtained (*Canonical Delicts*, p. 6). Ultimately, it is the responsibility of the diocesan bishop/eparch, with the advice of a qualified review board, to determine the gravity of the alleged act.
- 3 Due regard must be given to the proper legislative authority of each Eastern Catholic Church.

- 4 Article 19 *Sacramentorum sanctitatis tutela states*, “With due regard for the right of the Ordinary to impose from the outset of the preliminary investigation those measures which are established in can. 1722 of the Code of Canon Law, or in can. 1473 of the Code of Canons of the Eastern Churches, the respective presiding judge may, at the request of the Promoter of Justice, exercise the same power under the same conditions determined in the canons themselves.”
- 5 Removal from ministry is required whether or not the cleric is diagnosed by qualified experts as a pedophile or as suffering from a related sexual disorder that requires professional treatment. With regard to the use of the phrase “ecclesiastical ministry,” by clerical members of institutes of consecrated life and societies of apostolic life, the provisions of canons 678 and 738 also apply, with due regard for canons 586 and 732. 6

Cf. also CCEO, cc. 1510 §1 and 2, 1^o-2^o, 1511, 1512 §§1-2, 1513 §§2-3 and 5, 1514-1516, 1517 §1, 1518, 1519 §2, 1520 §§1-3, 1521, 1522 §1, 1523-1526, 940, 946, 967-971, 974-977, 374, 178, 192 §§1-3, 193 §2, 191, and 1389-1396.
- 7 The diocesan bishop/eparch may exercise his executive power of governance to take one or more of the following administrative actions (CIC, cc. 381, 129ff.; CCEO, cc. 178, 979ff.):
- a. He may request that the accused freely resign from any currently held ecclesiastical office (CIC, cc. 187-189; CCEO, cc. 967-971).
 - b. Should the accused decline to resign and should the diocesan bishop/eparch judge the accused to be truly not suitable (CIC, c. 149 §1; CCEO, c. 940) at this time for holding an office previously freely conferred (CIC, c. 157), then he may remove that person from office observing the required canonical procedures (CIC, cc. 192-195, 1740-1747; CCEO, cc. 974-977, 1389-1396).
 - c. For a cleric who holds no office in the diocese/eparchy, any previously delegated faculties may be administratively removed (CIC, cc. 391 §1 and 142 §1; CCEO, cc. 191 §1 and 992 §1), while any *de iure* faculties may be removed or restricted by the competent authority as provided in law (e.g., CIC, c. 764; CCEO, c. 610 §§2-3).
 - d. The diocesan bishop/eparch may also determine that circumstances surrounding a particular case constitute the just and reasonable cause for a priest to celebrate the Eucharist with no member of the faithful present (CIC, c. 906). The

bishop may forbid the priest to celebrate the Eucharist publicly and to administer the sacraments, for the good of the Church and for his own good.

- e. Depending on the gravity of the case, the diocesan bishop/eparch may also dispense (CIC, cc. 85-88; CCEO, cc. 1536 §1–1538) the cleric from the obligation of wearing clerical attire (CIC, c. 284; CCEO, c. 387) and may urge that he not do so, for the good of the Church and for his own good.

These administrative actions shall be taken in writing and by means of decrees (CIC, cc. 47-58; CCEO, cc. 1510 §2, 1°-2°, 1511, 1513 §§2-3 and 5, 1514, 1517 §1, 1518, 1519 §2, 1520) so that the cleric affected is afforded the opportunity of recourse against them in accord with canon law (CIC, cc. 1734ff.; CCEO, cc. 999ff.).

- 8 The necessary observance of the canonical norms internal to the Church is not intended in any way to hinder the course of any civil action that may be operative. At the same time, the Church reaffirms her right to enact legislation binding on all her members concerning the ecclesiastical dimensions of the delict of sexual abuse of minors.

A Statement of Episcopal Commitment

We bishops pledge again to respond to the demands of the *Charter* in a way that manifests our accountability to God, to God's people, and to one another. Individually and together, we acknowledge mistakes in the past when some bishops transferred, from one assignment to another, priests who abused minors. We recognize our roles in the suffering this has caused, and we continue to ask forgiveness for it.

Without at all diminishing the importance of broader accountability, this statement focuses on the accountability which flows from our episcopal communion and fraternal solidarity, a moral responsibility we have with and for each other.

While bishops are ordained primarily for their diocese or eparchy, we are called as well to protect the unity and to promote the common discipline of the whole Church (CIC, c. 392; CCEO, c. 201). Participating in the college of bishops, each bishop is responsible to act in a manner that reflects both effective and affective collegiality.

Respecting the legitimate rights of bishops who are directly accountable to the Holy See, in a spirit of collegiality and fraternity we renew our commitment to the following:

1. Within each of our provinces, we will assist each other to interpret correctly and implement the *Charter for the Protection of Children and Young People*, always respecting Church law and striving to reflect the Gospel.
2. We will apply the requirements of the *Charter* also to ourselves, respecting always Church law as it applies to bishops. Therefore, if a bishop is accused of the sexual abuse of a minor, the accused bishop is obliged to inform the Apostolic Nuncio. If another bishop becomes aware of the sexual abuse of a minor by another bishop or of an allegation of the sexual abuse of a minor by a bishop, he too is obliged to inform the Apostolic Nuncio and comply with applicable civil laws.
3. In cases of financial demands for settlements involving allegations of any sexual misconduct by a bishop, he, or any of us who become aware of it, is obliged to inform the Apostolic Nuncio.

4. Within each of our provinces, as an expression of collegiality, including fraternal support, fraternal challenge and fraternal correction, we will engage in ongoing mutual reflection upon our commitment to holiness of life and upon the exercise of our episcopal ministry.

In making this statement, we firmly uphold the dignity of every human being and renew our commitment to live and promote the chastity required of all followers of Christ and especially of deacons, priests and bishops.

This Statement of Episcopal Commitment will be reviewed by the Committee on Clergy, Consecrated Life and Vocations upon the next review of the *Charter*.
